Mr. Howard Kimball, City Controller:

DEAR SIR: At a meeting of the Board of Public Safety, held December 28, it was decided to respectfully request you to please ask the Common Council to appropriate for the use of the Police Department, under a fund known as "Station House Salaries," the sum of \$1,003.75.

Respectfully yours,

BOARD OF PUBLIC SAFETY,
WM. E. DAVIS, *President.*

From City Controller:

DEPARTMENT OF FINANCE,
OFFICE OF CITY CONTROLLER.
INDIANAPOLIS, IND., January 16, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I submit herewith a communication from the Department of Public Works requesting me to recommend an additional appropriation of \$700.00 to the fund for the payment of telephones in the City Hall.

I submit herewith an ordinance providing for the amount of the appropriation requested and recommend its passage.

Respectfully submitted,

HARRY R. WALLACE,
City Controller.

DEPARTMENT OF PUBLIC WORKS,
OFFICE OF THE BOARD.
INDIANAPOLIS, IND., January 6, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: Since a large portion of the expense of telephone service in the new City Hall building is for the operation of the switchboard, including the trunk lines, which must be paid for by the Department of Public Works, we believe it would be best for the Board of Public Works to have charge of and pay all the expense in connection with the telephone service in the City Hall building.

We estimate that six trunk lines will be necessary for each switch board, and the telephones requested by the various departments are as follows:

	Central Union Co.		Indianapolis Tel. Co.	
	Main.	Exten.	Main.	Exten.
Board of Works	2	4	2	4
Mayor	1	1	1	1
Engineer, Chemist and Chief Inspector	7	1	7	1
Assessment Bureau	1	..	1	..
Custodian	1	..
Street Commissioner	2	..	2	..
Inspector Weights and Measures..	1	..	1	..
Park Board	3	1	3	1
Council	1	1	1	1
Board of Safety	1	1	1	1
Building Inspector	2	..	2	..
Controller	6	..	6	..
Board of Health	6	..	4	..
Legal Department	1	3	1	3
Switch Board	1	..	1	..
	35	12	34	12

The cost of trunk lines is \$54.00 per year each, and the cost of telephones is as follows:

Central Union Telephone Company—

Main telephones	\$12 00 each
Extensions	12 00 each

Indianapolis Telephone Company—

Main telephones	10 00 each
Extensions	6 00 each

Which altogether would amount to \$1,624.00 per year.

As some of these telephones will not be needed for some time yet, we believe \$1,500.00 would be a safe estimate of the cost of these phones for this year. We have an appropriation of \$800.00, and therefore request that you recommend to the Common Council the passage of an ordinance appropriating the additional sum of \$700.00.

Yours truly,

C. A. SCHRADER,

SEC. 2. The City Controller shall, as soon as practicable after the passage of this ordinance, advertise for bids or proposals for said bonds by at least one insertion each in the Indianapolis Sun and the Indianapolis Commercial, daily newspapers of general circulation, printed and published in the City of Indianapolis, and may otherwise advertise for such bids or proposals as he may deem advisable. Said advertisements shall describe said bonds with such minuteness and particularity as the City Controller may see fit, and shall set forth the amount of the bonds to be sold and the rate of interest they shall bear, that the bidder may bid for all or any part of said bonds, the date of opening bids or proposals therefor, the right of the City Controller to reject any or all bids, the amount of deposit each bidder will be required to make, and when and where the bonds shall be delivered and paid for.

SEC. 3. Each and every bid and proposal shall be presented to the City Controller sealed, and shall be accompanied by a duly certified check upon some responsible bank of the City of Indianapolis, Indiana, payable to the order of the City Treasurer, for a sum of money which shall equal two and one-half (2½%) per centum of the face or par value of the bonds bid for, or proposed to be purchased. The City Controller shall continue to receive all bids or proposals therefor at the office of the City Controller until twelve o'clock noon on the day fixed by the Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour and two p. m. of said day he shall open said bids or proposals. The City Controller shall award said bonds,

or if he shall see fit, a part of any number thereof, to the highest and best bidder therefor; but said Controller shall have the full right to reject any and all such bids or proposals, or any part thereof, and shall have the right to accept a part of any bid, and to award upon any bid the whole or a less number of the bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any bid. He may also, in his judgment and discretion, award a part of said bonds to one bidder and a part to another. These provisions shall apply in the case of reoffering and re-advertisement of said bonds as hereinafter provided.

SEC. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bonds, he shall re-advertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, but in such re-advertisement he is authorized and directed to fix the date and the time both for receiving and opening bids or proposals and for purchasers to take up and pay for the bonds which may be awarded. And he shall continue from time to time, in like manner, to re-advertise said bonds for sale until said bonds are sold.

SEC. 5. In case any bid or proposal shall not be accepted, and there shall be no award of bonds thereon by the Controller, he shall thereupon return to such unsuccessful bidder the certified check accompanying the same. If the Controller shall award the whole or any part of the bonds upon any bid or proposal, he shall thereupon deliver the certified check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment for the bonds so awarded. If, for any reason, said check shall not be paid upon presentation, such non-payment shall be taken and deemed a breach of the contract for the purchase of said bonds upon the part of the purchaser, and the city, in that event, shall have the right to re-advertise said bonds for sale at once, and shall, in such event, retain said check, and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and as a payment thereof to the city. In case any successful bidder shall fail to complete the purchase of bonds so awarded, and to pay for the same, within the time and manner herein required, or which may be prescribed by the City Controller, as herein provided, the proceeds of such certified check deposited by such bidder shall be taken, considered and deemed as agreed and liquidated damages for the breach of such bidder's contract of purchase, and shall be taken and deemed as a payment to the city for such damages, and shall be retained and held by said city for its use; but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon, said proceeds of said certified check shall thereupon be returned to such bidder; or, at the option of the City Controller, at the time of the completion of the sale and payment for the bonds, said proceeds of said certified check may be applied and deemed a payment on account of the purchase of said bonds.

SEC. 6. Delivery of any bonds sold shall be made at the office of the City Treasurer of the City of Indianapolis, Indiana, upon such day or days as may be specified in the advertisement or re-advertisement for proposals, or within such time thereafter as may be fixed by the Controller, or at such time or times as may be agreed upon by the Controller and the purchaser or purchasers, and the Controller may extend the time for such delivery not more than ten days after the day or days specified or agreed upon as above provided; and the successful bidder or bidders shall take the bonds awarded to him or them and pay for the same at such place and times, and his or her refusal, neglect or omission to do so shall be a breach of the contract of his bid or proposal, on account of which dam-

ages shall be retained or recovered as liquidated and provided in this ordinance.

SEC. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be binding obligations upon the said City of Indianapolis, according to their tenor and effect; and the proceeds derived from any sale or sales of bonds as herein authorized, shall be used for the purposes mentioned and described in Section 1 of this ordinance.

SEC. 8. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

Which was read a first time and referred to the Committee on Finance.

REPORTS FROM CITY OFFICERS.

From City Controller:

DEPARTMENT OF FINANCE,
OFFICE OF CITY CONTROLLER.
INDIANAPOLIS, IND., February 6, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I submit herewith a communication from the City Treasurer, Mr. Fishback, requesting me to recommend an appropriation of \$314.70, to and for the use of the Department of Finance.

I submit herewith an ordinance providing for the amount of the appropriation requested, and recommend its passage.

Respectfully submitted,

HARRY R. WALLACE,
City Controller.

TREASURER'S OFFICE,
CITY OF INDIANAPOLIS
AND COUNTY OF MARION,
INDIANAPOLIS, IND., January 31, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: I enclose you herewith my vouchers and receipts for legal services paid in the two suits, one brought by me in the Circuit Court as City Treasurer, and one brought against me as City Treasurer in Room 3, Superior Court, which cases involved the right of Robinson and Schare to remove and take away the card index system of the Barrett law assessment books of the City of Indianapolis. You can readily see the significance of these suits and what they would have meant to the City of Indianapolis, as whose officer I was compelled to litigate them.

The removal of these card index systems would have thrown the work of collecting the special assessments of the city into confusion and would have made this work practically impossible. By this litigation, the decision of the Circuit Court being sustained by the unanimous opinion of the Supreme Court, the card index system and the right to continue to use it, has been saved to the City of Indianapolis. I feel that it is fair that my legal expenses incurred by this litigation should be paid by the city. In addition to these expenses I paid \$14.70 for the printed brief filed in the Supreme Court, making a total of \$314.70, for which an appropriation should be made.

Very truly,

FRANK S. FISHBACK.

From City Controller:

DEPARTMENT OF FINANCE,
OFFICE OF CITY CONTROLLER.
INDIANAPOLIS, IND., February 6, 1911.

To the President and Members of the Common Council:

Respectfully submitted,

HARRY R. WALLACE,
City Controller.

CITY COURT OF THE
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., February 4, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: I am sending you herewith ordinance prepared by Mr. Lamkin providing for the appropriation of \$37.85 for Johnson and Metcalf in reporting the housing cases in the west end of the city. There were forty-four (44) cases brought in by the Health Department, and in order for the court to arrive at a proper conclusion in the matter, it was necessary to have the evidence reduced to writing.

Mr. Metcalf of this firm did the work, covering five separate sessions of court, and rendered a very reasonable bill.

Trusting that you will recommend the appropriation, I remain,

Yours very truly,

JAMES A. COLLINS,
City Judge.

From City Controller:

DEPARTMENT OF PUBLIC SAFETY,

INDIANAPOLIS, IND., February 1, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: At a meeting of the Board of Public Safety, held this date, it was decided to request you to please ask the Common Council to appropriate for the use of the Police Department, under a fund to be known as "Automobile Patrol Wagon," the sum of five thousand dollars (\$5,000.00) for the purchase of a new automobile patrol wagon, to replace the one now in use and fast wearing out, which is costing too much to keep in running order.

Respectfully yours,
BOARD OF PUBLIC SAFETY,
WM. E. DAVIS, *President*.

DEAR SIR: You are hereby requested to recommend to the Common Council the passage of an ordinance appropriating the sum of \$1,045.00 to pay for the construction of a fire cistern in Drover street, north of Kentucky avenue, and a fire cistern at Naomi and Linden streets.

These cisterns have been completed, and the appropriation from which they were to be paid for having lapsed, it will be necessary for us to have a new appropriation.

Yours very truly,

Secretary Board of Health.

From City Attorney:

DEPARTMENT OF LAW,
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., January 28, 1911.

To the President and Members of the Common Council:

GENTLEMEN: In reply to communication from Edward A. Ramsay, City Clerk, of date January 20, 1911, referring to petition of chauffeurs seeking to provide for some system of examination of persons using motor power vehicles, beg to advise you that under the State law no municipality possesses the power to require of the owner or operator of an automobile a license for its operation. It might be possible to draft an ordinance providing for an examination of those authorized to operate motor vehicles, but without some license feature or penalty clause the regulation would be impossible of enforcement, and as under the present State law the licensing of such persons would be an invalid provision, it would seem that there would not be a very effective way of enforcing any examination regulation.

It is impossible for us, from this petition as presented, to determine definitely what is desired by the petitioners. The power to issue a permit, even after examination, would ordinarily be an invalid provision, and ineffective unless it has coupled with it some penalty provision or license feature.

It is our opinion that an ordinance might be drawn, but that it would hardly be effective unless you could attach the ordinary regulation of a

license, which would make it invalid. We would much prefer to take the matter up with the parties who are seeking to present the matter, and get their more definite ideas before determining whether or not their proposed plan would be valid or invalid.

Respectfully submitted,

MERLE N. A. WALKER,
City Attorney.

Said advertisements shall describe said bonds with such minuteness and particularity as the City Controller may see fit, and shall set forth the amount of the bonds to be sold and the rate of interest they shall bear, that the bidder may bid for all or any part of said bonds, the date of opening bids or proposals therefor, the right of the City Controller to reject any or all bids, the amount of deposit each bidder will be required to make, and when and where the bonds shall be delivered and paid for.

SEC. 3. The City Controller shall continue to receive all bids or proposals therefor at the office of the City Controller until 12 o'clock noon, on the day fixed by the Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour and 2 p. m. of said day he shall open said bids or proposals. The City Controller shall award said bonds, or if he shall see fit, a part of any number thereof, to the highest and best bidder therefor; but said Controller shall have the full right to reject any and all such bids or proposals, or any part thereof, and shall have the right to accept a part of any bid, and to award upon any bid the whole or a less number of the bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any bid. And he shall continue from time to time, in like manner, to re-advertise said bonds for sale until said bonds are sold.

SEC. 5. In case any bid or proposal shall not be accepted, and there shall be no award of bonds thereon by the Controller, he shall thereupon return to such unsuccessful bidder the certified check accompanying the same. SEC. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be binding obligations upon the said City of Indianapolis, according to their tenor and effect; and the proceeds derived from any sale or sales of bonds as herein authorized, shall be and hereby are appropriated to the use of the Department of Public Health and Charities, to be used for the purposes mentioned and described in Section 1 of this ordinance, and the City Controller is hereby authorized and directed to draw all proper and necessary warrants and to do whatever act may be necessary to carry out the provisions hereof.

Hon. Samuel Lewis Shank, Mayor, and the President and Members of the Common Council:

GENTLEMEN: In compliance with the provisions and requirements of the City Charter, I herewith submit my report for the year ending with December 31, 1910, and your attention is respectfully called to the several tables showing the receipts and disbursements and the expenditures of the different departments of the city government. Also, the tables showing the condition of the Park Fund and Sinking Fund, the bonded indebtedness of the city and inventory of the city property, etc.

The total bonded debt of the city on January 1, 1910, amounted to \$3,058,300. During the year there was redeemed and cancelled bonds amounting to \$84,000, paid out of the City Sinking Fund. The total of bonds outstanding on January 1, 1911, amounts to \$3,199,300, of which \$3,161,500 is city debt proper and \$37,800 is bonded debt assumed and acquired by the annexation of the suburban towns of Irvington, Brightwood, West Indianapolis and Haughville.

The total assessed valuation of taxable property in the city, as returned and appraised in 1910 and as is shown on the tax duplicate, is \$191,370,760, from which is deducted mortgage exemptions amounting to \$5,656,005, leaving a net total appraisement subject to taxation of \$185,714,755.

The constitutional debt limit of two per cent. of the net appraisement of taxables is \$3,714,295.10, and deducting total bonds outstanding amounting to \$3,199,300, leaves a bond issuing margin of \$514,995.10.

INTRODUCTION OF GENERAL AND SPECIAL ORDINANCES.

By Board of Public Works:

General Ordinance No. 12, 1911: An ordinance approving a certain contract granting Granville M. Mathews and Aurelia L. Mathews the right to lay and maintain a sidetrack or switch across Bethel avenue, according to blue print attached, in the City of Indianapolis, Indiana.

WHEREAS, heretofore, to-wit: on the 12th day of January, 1911, Granville M. Mathews and Aurelia L. Mathews, his wife, filed their petition before the Board of Public Works of the City of Indianapolis, as follows:

PETITION.

To the Board of Public Works, City of Indianapolis:

GENTLEMEN: We desire to construct a switch connecting our coal yard, consisting of 1 92-100 acres, located on the north side of Bethel avenue, and east of Churchman avenue, in the City of Indianapolis, Indiana, laying said switch over Bethel avenue and crossing the same at right angles with said avenue about eight feet west of the Belt railroad, extending the same into the land owned by Mr. Huggins, the right-of-way of which I have procured from him by contract and deed, connecting with the Belt railroad at a point about 100 feet south of Bethel avenue, as shown by the blue print attached on opposite page. Bethel avenue at the point of the proposed switch is perfectly level, and we believe that the proposed switch will not in any way interfere with the use of Bethel avenue for traffic and other public purpose. The proposed switch would extend about 300 feet north of Bethel avenue into and upon my land.

NOW, THEREFORE, This agreement, made and entered into this 8th day of February, 1911, by and between Granville M. Mathews and Aurelia L. Mathews, his wife, of the City of Indianapolis, County of Marion, State of Indiana, party of the first part, and the City of Indianapolis, by and through its Board of Public Works, party of the second part,

WITNESSETH: That the party of the first part, being desirous of securing a right of way for a sidetrack or switch from the Belt railroad at a point about 800 feet south of Bethel avenue, north of Minnesota street and east of Churchman street and west of Keystone avenue, crossing Bethel avenue at right angles at a point about eight feet west of the Belt railroad, extending northwesterly about 300 feet on land owned by petitioner, in the City of Indianapolis, which is more specifically described as follows:

Commencing at a point on Belt railroad about 100 feet south of Bethel

avenue, in said city, passing over the land owned by Mr. Huggins, the right-of-way of which has been procured by this petitioner by deed and contract heretofore executed by said Huggins to these petitioners, crossing said Bethel avenue at a point about eight feet northwest of the Belt railroad, at right angles, to the north side of Bethel avenue and extending northwesterly about 300 feet in and on the land owgjed by these petitioners on the north side of said Bethel avenue and east of Churchman avenue, as shown by the blue print attached hereto, hereby covenants and fully bind themselves, their successors, legal representatives and assigns, that, in consideration of the grant of the privileges and authority herein given, they will lay, construct and maintain said track upon the terms and conditions hereinafter set forth, to-wit:

(1) They shall be so laid, improved and kept in repair as to be safe for persons on foot, in vehicles or otherwise, and shall, at all times, be subject to the orders of the Board of Public Works of the City of Indianapolis.

(2) Said track and switch shall be laid upon such grade as shall be established by said Board, and shall be put down under its supervision and to its satisfaction and approval. Said track shall be raised or lowered to conform to any grade which may, from time to time, be hereafter established, whenever so ordered, in writing, by said Board, and shall be made to conform in all respects with any ordinance passed by the Common Council or with any resolution or resolutions made by said Board, for the elevation or depression of said tracks.

(3) The crossing where said track intersects Bethel avenue shall at all times, be kept improved and in repair and free from obstructions or defects of any kind. No car or cars shall be permitted to obstruct such crossing or to be thereon except for such time as may be absolutely necessary in moving them back and forth, and they shall be at no time stopped or detained thereon in such manner as to obstruct public travel.

(4) Said party of the first part agrees, upon the written order of said Board, made for any good cause affecting the interest of the city or the public welfare, to take up and remove said track, and upon said party's failure so to do, upon such notification in writing, of ten (10) days, to promptly pay the cost of having the same done, and the party of the first part hereby releases all claims for damages whatsoever that may arise by reason of such removal; and in removing said track or causing the same to be done, said Board shall in no wise become a trespasser.

(5) The party of the first part agrees to pave between said track to the entire satisfaction of the second party, and in case said tracks shall be or become out of repair or in need of being reconstructed, or become in any way defective (of which fact the said Board shall be the exclusive judge), it shall be the duty of the said party of the first part to promptly repair or remove same, failing in which, after notification in writing of ten (10) days, said Board shall do or cause the same to be done at the expense of the said party of the first part, and for which expense and cost the said party of the first part shall be liable.

(6) The said party of the first part herein bind themselves to hold said party of the second part and said city harmless from any and all claims for damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending against any such claims.

(7) Any violations of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this contract, provided,

however, that the same may be terminated by said Board, as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby gives, grants and duly vests said party of the first part the right, privilege and authority to lay and maintain an additional side track or switch across Bethel avenue, in the City of Indianapolis, all as shown by the drawing attached hereto, filed herewith and for greater certainty marked "Exhibit A."

COMMUNICATIONS FROM THE MAYOR.

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., February 21, 1911

To the President and Members of the Common Council:

GENTLEMEN: I return herewith with my approval the following ordinances:

General Ordinance No. 1, 1911, being "An ordinance defining and prohibiting disorderly conduct in the City of Indianapolis, providing a penalty for the violation thereof, fixing a time when the same shall take effect, and repealing all ordinances and parts of ordinances in conflict therewith."

General Ordinance No. 8, 1911, being "An ordinance entitled an ordi-

nance to promote public health by regulating the sale of milk, requiring a license for the sale of the same, and prescribing a penalty for the violation thereof, and fixing a time when the same shall take effect," approved March 4, 1897.

I have the honor to remain,

S. L. SHANK,
Mayor.

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS.

INDIANAPOLIS, IND., February 28, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I am returning herewith without my approval General Ordinance No. 2, 1911. I believe that this ordinance is too drastic in its provisions, and hesitate to approve it on that account. I believe in laws and ordinances to secure orderly conduct of men and women on the streets and in public places, but I question whether it should be accomplished under the definition of orderly conduct as set out in the ordinance in question with a penalty of one hundred dollars (\$100.00) or thirty days' imprisonment as a penalty for violation. The definition of what shall constitute an "offending person on the street" is very broad indeed. Consequently I am not opposing the principle involved in this ordinance nor the object at which it is aimed, but am objecting only to the particular provision of this particular ordinance.

I have the honor to remain,

Very truly yours,

S. L. SHANK,
Mayor.

Mr. Denny moved that General Ordinance No. 2, 1911, be passed over the veto of the Mayor.

The roll was called and General Ordinance No. 2, 1911, failed to pass over the veto of the Mayor for want of a two-thirds majority by the following vote:

Ayes, 5, viz.: Messrs. Johnson, Denny, Stilz, Troy and President John Blumberg.

Noes, 4, viz.: Messrs. McCarthy, Copeland, Rubens and Owen.

REPORTS FROM CITY OFFICERS.

From City Controller:

Harry Wallace, City Controller, City:

DEAR SIR: You are hereby requested to recommend to the Common Council the passage of an ordinance appropriating the additional sum of twelve hundred dollars (\$1,200.00) to the fund for the erection of porches and fire escapes at the City Hospital.

To the President and Members of the Common Council:

GENTLEMEN: I submit herewith a communication from the Department of Public Parks requesting me to recommend an appropriation of \$600.00 for the purpose of giving band concerts during the park season of 1911.

I submit herewith an ordinance providing for the amount of the appropriation requested, and recommend its passage.

Respectfully submitted,

HARRY R. WALLACE,
City Controller.

DEPARTMENT OF PUBLIC PARKS,
OFFICE OF THE BOARD.
INDIANAPOLIS, IND., March 4, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: I am directed by the Board of Park Commissioners to write to you concerning the advisability of this Department giving band concerts during the park season of 1911. The Board believes it would be desirable for the Department to arrange for band concerts on Sunday afternoons for about twelve weeks during the summer. This would cost approximately \$1,200, a sum which the Board feels this Department is not able to afford, when the urgent needs of permanent work in other directions are taken into account. The Board feels, however, that if the Common Council should help the Department by making an appropriation in the amount of half the sum which it is estimated should be spent, the concerts could be given; the Board paying out of its current revenues the other half of the cost.

If, therefore, this meets with your approval, the Board of Park Commissioners would respectfully request that you recommend to the Common Council an appropriation in the sum of \$600 to and for the use of the Department of Public Parks, to pay for band concerts during the summer of 1911.

Very respectfully,

LEROY E. SNYDER,
Secretary Board of Park Commissioners.

From City Controller:

for shelter house purposes, be not passed. The \$1,000.00 ordinance this day introduced be substituted for Appropriation Ordinance No. 86, 1910.

INDIANAPOLIS, IND., March 17, 1911.

Harry Wallace, City Controller, City:

DEAR SIR: In the budget of 1911 there is appropriated \$25,000.00 for the cost of improvements at street intersections. We find that the city will have to pay for intersections under contracts let during 1910, and not completed before 1911, about \$27,000.00.

We expect to make improvements during the year 1911, only where they are badly needed, and we hope to be able to get along with an additional appropriation of \$25,000.00. We, therefore, request that you recommend to the Common Council the passage of an ordinance appropriating the sum of \$25,000.00 to the Street and Alley Intersection Fund.

Yours truly,

SEC. 2. The City Controller shall, as soon as practicable after the passage of this ordinance, advertise for bids or proposals for said bonds by at least one insertion each in the Indianapolis Sun and the Indianapolis Commercial, daily newspapers of general circulation, printed and published in the City of Indianapolis, and may otherwise advertise for such bids or proposals as he may deem advisable. Said advertisements shall describe said bonds with such minuteness and particularity as the City Controller may see fit, and shall set forth the amount of the bonds to be sold and the rate of interest they shall bear, that the bidder may bid for all or any part of said bonds, the date of opening bids or proposals therefor, the right of the City Controller to reject any or all bids, the amount of deposit each bidder will be required to make, and when and where the bonds shall be delivered and paid for.

SEC. 3. Each and every bid and proposal shall be presented to the City Controller sealed, and shall be accompanied by a duly certified check upon some responsible bank of the City of Indianapolis, Indiana, payable to the order of the City Treasurer, for a sum of money which shall equal two and one-half ($2\frac{1}{2}\%$) per centum of the face or par value of the bonds bid for, or proposed to be purchased. The City Controller shall continue to receive all bids or proposals therefor at the office of the City Controller until twelve o'clock noon, on the day fixed by the Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour and two P. M. of said day, he shall open said bids or proposals. The City Controller shall award said bonds, or if he shall see fit, a part of any number thereof, to the highest and best bidder therefor; but said Controller shall have the full right to reject any and all such bids or proposals, or any part thereof, and shall have the right to accept a part of any bid, and to award upon any bid the whole or a less number of the bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any bid. He may also in his judgment and discretion award a part of said bonds to one bidder and a part to another. These provisions shall apply in the case of re-offering and re-advertisement of said bonds as hereinafter provided.

SEC. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bonds, he shall re-advertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, but in such re-advertisement he is authorized and directed to fix the date and the time both for receiving and opening bids or proposals and for purchasers to take up and pay for the bonds which may be awarded. And he shall continue from time to time, in like manner, to re-advertise said bonds for sale until said bonds are sold.

SEC. 5. In case any bid or proposal shall not be accepted, and there shall be no award of bonds thereon by the Controller, he shall thereupon return to such unsuccessful bidder the certified check accompanying the same. If the Controller shall award the whole or any part of the bonds upon any bid or proposal, he shall thereupon deliver the certified check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment for the bonds so awarded. If, for any reason said check shall not be paid upon presentation, such non-payment shall be taken and deemed a breach of the contract for the purchase of said bonds upon the part of the purchaser, and the city, in that event, shall have the right to re-advertise said bonds for sale at once, and shall, in such event, retain said check,

and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and as a payment thereof to the city. In case any successful bidder shall fail to complete the purchase of bonds so awarded, and to pay for the same, within the time and manner herein required, or which may be prescribed by the City Controller, as herein provided, the proceeds of such certified check deposited by such bidder shall be taken, considered and deemed as agreed and liquidated damages for the breach of such bidder's contract of purchase, and shall be taken and deemed as a payment to the city for such damages, and shall be retained and held by said city for its use; but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon, said proceeds of said certified check shall thereupon be returned to such bidder; or, at the option of the City Controller, at the time of the completion of the sale and payment for the bonds, said proceeds of said certified check may be applied and deemed a payment on account of the purchase of said bonds.

SEC. 6. Delivery of any bonds sold shall be made at the office of the City Treasurer of the City of Indianapolis, Indiana, upon such day or days as may be specified in the advertisement or re-advertisement for proposals, or within such time thereafter as may be fixed by the Controller, or at such time or times as may be agreed upon by the Controller and the purchaser or purchasers, and the Controller may extend the time for such delivery not more than ten days after the day or days specified or agreed upon as above provided; and the successful bidder or bidders, shall take the bonds awarded to him or them and pay for the same at such place and times, and his or her refusal, neglect or omission to do so shall be a breach of the contract of his bid or proposal, on account of which damages shall be retained or recovered as liquidated and provided in this ordinance.

SEC. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be binding obligations upon the said City of Indianapolis, according to their tenor and effect; and the proceeds derived from any sale or sales of bonds as herein authorized, shall be used for the purposes mentioned and described in Section 1 of this ordinance.

And no person or persons, association or corporation being the owner or lessee, or having control of any such steam boiler, furnace, stove or range, shall use or allow the use of any such steam boiler, furnace, stove or range

Whereas heretofore, to-wit: on the 14th day of July, 1911, the City of Indianapolis, by and through its Board of Public Works, entered into the following contract and agreement with the Indianapolis Sani-

MISCELLANEOUS SPECIFICATIONS NO. 117.

GARBAGE.

NOTICE TO CONTRACTORS.

Notice is hereby given by the Board of Public Works of the City of Indianapolis, Indiana, that sealed proposals will be received by it, at its office in the City Hall Building, until the hour of 10 o'clock a. m., on the 21st day of June, 1911, for a contract for the collection, removal, delivery and disposal of garbage and dead animals, and for the disposal of night soil in the City of Indianapolis, Indiana, for a period of five (5) years, and a period of ten (10) years, according to the specifications therefor now on file in the office of said Board. Each bidder is required to bid on both the five (5) and ten (10) year periods.

Each bid must be accompanied by a certified check in the sum of twenty thousand dollars (\$20,000.00), made payable to the Board of Public Works of the City of Indianapolis, Indiana, the same to be the property of the City of Indianapolis should the successful bidder fail or refuse to enter into a contract with the City of Indianapolis, according to the true intent and meaning of the specifications aforesaid, said amount to be so paid as liquidated damages to the City of Indianapolis, because of any such failure or refusal.

The Board of Public Works reserves the right to reject any or all bids.

SPECIFICATIONS.

1. The contractor shall collect, remove and dispose of all garbage and dead animals, as defined in these specifications, accumulating within

the present corporate limits of the City of Indianapolis, and in any extensions thereof.

2. The word "garbage" wherever used herein shall be taken to mean all organic household waste, offal, animal and vegetable matter, such as has been prepared for or intended to be used as food, or shall have arisen in the preparation of food. The contract shall also be construed to mean that the contractor shall collect, remove and dispose of all garbage from commission houses, wholesale and retail grocery stores, hotels, sanatoria, hospitals, fish stores and stands, restaurants, eating and apartment houses.

3. Garbage shall be collected at all places in the city, except at public markets, from May 1st to November 1st, during each year of the existence of this contract, at least three times a week; from November 1st to May 1st, during each year of the existence of this contract, at least twice each week: Provided, however, that collections from commission houses, hotels, hospitals, fish stores and stands, restaurants and eating houses shall be made each day. It is understood that collections of garbage from apartment houses shall be obligatory on the contractor, and the owners shall provide and maintain garbage receptacles on the ground floor of said apartment houses, which receptacles shall be water-tight, easy of access to the collector, and easy to empty, the size, plan of construction and location of which receptacles shall be approved by the Board of Public Health and Charities, and which shall be at all times kept free from all offense to sight or smell, and from unsanitary conditions.

4. The exclusive right and privilege of collecting, removing and disposing of all garbage and dead animals in the City of Indianapolis will be given to the successful bidder, under the contract to be entered into between said city and said successful bidder, and said contract will provide that no other person shall carry, convey or transport through the streets, alleys or public places of the city, any such material, without being subjected to the penalties prescribed by the laws of the State and ordinances of the city, or the rules of the health departments of said State and city. And the city agrees, on her part, to prevent, as far as may be lawful, any person other than the contractor, from gathering, hauling, removing or carrying any garbage or dead animals within the city limits.

5. The contractor, in the collection and removal of the garbage under the contract to be made, shall, for said purpose, provide himself with water-tight vessels, tanks or boxes, mounted on two or four wheels, which shall, when containing garbage or matter capable of giving off noxious odors, be securely and tightly covered on top in a manner to be approved by the Board of Public Health and Charities, so as to prevent the contents or any odor escaping therefrom, and when unloaded, after the delivery of each load to the desiccating plant, each vessel, wagon or tank shall be thoroughly washed and disinfected to the satisfaction of the Board of Public Health and Charities, and the vehicles drawing such vessel, box or tank shall be at all times so loaded and driven that none of the material shall fall upon the ground, run out or spill therefrom. All vehicles carrying such vessels, tanks or boxes shall have on both sides thereof a sign with the words, "City Contractor Garbage Cart," or "City Contractor Garbage Wagon," painted thereon, together with the number of the vehicles, to be at all times plain and unobscured, in black letters not less than four inches in length, on white background; the number of the wagon to be selected and registered in the office of the Board of Public Health and Charities.

6. The contractor, before beginning collection under this contract, shall divide the city into districts, and shall deliver to the Board of Public Health and Charities a list of the boundaries of each district

and the days of the week on which he plans to make collections. The Board of Public Health and Charities may, within thirty (30) days after beginning such collections according to such districts, make such changes, alterations and additions thereto as may, in the judgment of said Board, be necessary to insure the efficiency and thoroughness of such collections. Thereafter, on November 1st and April 1st in each year of this contract, such contractor shall revise such districts and deliver such revised list to the Board of Public Health and Charities, which may, for thirty (30) days, make such changes, alterations or additions to such districts, as, in the judgment of said Board, may be necessary to insure the efficiency and thoroughness of such collections. Nothing in this provision shall be construed to mean that the contractor shall not at all times furnish a sufficient equipment to collect and remove all garbage and dead animals as hereinbefore provided. The contractor shall not be permitted to depart from the time fixed for collection, except by obtaining the written consent of the Board of Public Health and Charities, the object being that all collections from houses in each district shall be made on certain days, and as nearly the same hour of the day as possible.

7. The contractor will furnish each householder, on May 6th and November 6th of each year of this contract, with a printed list of the days on which he will make collections, stating in such list the time of day, as nearly as possible when such collections will be made. The printed list shall be on cardboard not less than eight inches by ten inches in dimension, and shall contain such extracts of the city's ordinances governing the responsibility of the producer of garbage, the responsibility of the collector for removal, etc., and such recommendations and rules as the Board of Public Health and Charities may desire to place on said card.

8. It will be the duty of every resident householder, tenant, hotel keeper, boarding house keeper, all parties or persons occupying dwellings within the City of Indianapolis, commission houses, wholesale and retail dealers, sanatoria, hospitals, fish stores and stands, restaurants, eating houses and owners of apartment houses within the City of Indianapolis, under a proper ordinance or ordinances enacted or to be enacted by the Common Council, to provide or cause to be provided, and at all times to keep or cause to be kept or provided portable vessels, tanks or receptacles for holding garbage; said vessels, tanks or receptacles to be perfectly water-tight, and so kept, with a handle or handles on the outside, and provided with a tightly fitting cover, which cover shall not be removed except when absolutely necessary, or such other design of vessel, tank or receptacle can be used as shall be approved by the Board of Public Health and Charities. Said vessels, tanks or receptacles shall be kept or placed in the rear of the house, or in the basement areas, or passageways most accessible to be collected, and never upon the street, alley, sidewalk or other public place, and shall be of a capacity of not less than one bushel nor more than three bushels. All such vessels, tanks or receptacles shall be accessible to the collector when called for, and if removed by him, shall be returned by him to said place or places without unnecessary delay, and no person, except for such purpose authorized, shall in any manner interfere with said vessels, tanks or receptacles or the contents thereof. In case of dispute, the Board of Public Health and Charities shall decide as to the location to be selected for the placing of vessels, tanks or receptacles by the owner or tenant.

9. The contractor for collection will be required to furnish to the Board of Public Health and Charities immediate notice of the failure of any householder to have garbage ready for collection on the day set for such collection.

10. Upon complaint or complaints having been made of a failure on the part of the contractor to properly collect garbage, it will be the duty of the Board of Public Health and Charities to investigate such complaint, or complaints, and if, in its judgment, such failure to collect was the fault of the contractor, it shall report such violation or violations of the contract to the Board of Public Works, who shall, upon the next succeeding allowance made to the contractor for work done, deduct a sum not less than \$1.00 and not exceeding \$5.00 for each and every violation so reported, and the contractor will be required to relinquish all right, title and interest in and to such deduction.

11. It will be the duty of the Board of Public Health and Charities to investigate all complaints made of failures on the part of the householders, tenants, hotel keepers, boarding house keepers, all parties or persons occupying dwellings within the City of Indianapolis, commission houses, wholesale and retail dealers, sanatoria, hospitals, fish stores and stands, restaurants, eating houses, and owners of apartment houses to comply with the provisions of the ordinance requiring the placing of vessels, tanks or receptacles for emptying by the contractor, and to prosecute all offenders under such provisions.

12. The contractor shall provide himself with an office, conveniently located, and furnished with both telephones. A clerk shall be regularly employed to answer all complaints made and to promptly dispose of the same.

13. The Board of Public Works and the Board of Public Health and Charities shall be the exclusive judges as to whether the terms and conditions of the contract are being complied with. The Board of Public Works, upon the written complaint of the Board of Public Health and Charities that the terms of the contract are not being complied with, shall call upon the sureties on the bond to carry out the provisions of such contract to the satisfaction of the Board of Public Health and Charities and the Board of Public Works, and on their failure so to do, after a written notice by the Board of Public Works of five days, the city, by and through its Board of Public Works, shall have the right to declare the contract null and void, and to relet the work or any part thereof, and such annulment shall not entitle the contractor to any claim for damages on account thereof, nor shall it affect the right of the city to recover damages which may arise from such failure; or, instead, the Board of Public Works shall have the power to provide for the collection and removal of such garbage and household waste as it may deem best for the interest of the city. The cost of such collection and removal shall be paid from any sum to which said contractor would have been entitled had he completed the contract, and when that sum shall be exhausted, then out of any money which may be appropriated for such purposes by the Common Council, until the term for which the contract was originally made shall have expired, and the City of Indianapolis shall be entitled to maintain a suit in any court of competent jurisdiction against said contractor and his sureties to recover the money so appropriated, expended and paid out, and in such suit the amount of the city's recovery shall be such sum as it was compelled to expend in order to procure the collection and removal of garbage which the contractors should have collected and removed under the contract.

14. The contractor shall pay any judgment which may be taken against said city, either alone or jointly with said contractor, on account of any injury or damage to persons or property by reason of the carrying out of this contract caused by the fault of the contractor. Provided, that if the city is sued alone for such injury or damages, due notice to the contractor to appear and defend said action shall be given.

15. A proper contract to the approval of the Board of Public Works shall be entered into, and all the terms and conditions of said contract and specifications shall be binding upon the parties, their successors and assigns.

16. The Board of Public Works, subject to the terms and conditions of the contract, shall make and allow quarterly estimates of the amount of work to be done and sum due therefor at the end of each quarter of the fiscal year, and the sum so estimated and allowed shall thereupon be due and payable to the contractor, and said Board shall issue to the contractor a proper voucher therefor.

17. The contractor shall give to the residents of said city and county preference in the employment of all labor necessary in performing the contract, and failing to do so shall forfeit to said city the sum of five dollars for each failure to observe this stipulation.

18. The contractor shall report to the Board of Public Health and Charities, at the end of each month, the amount of garbage collected, making, at the same time, any other suggestions he may desire to make, or giving such other information as may be required by said Board of Public Health and Charities.

19. The contractor shall be required to haul all garbage collected, so far as practicable, through the alleys in the city, not making use of the prominent business or residence streets. In all cases of dispute regarding the using of an alley or street as an avenue for the hauling of garbage, the Board of Public Health and Charities shall decide which route to haul upon. Said Board shall notify the contractor or his agents in writing of its decision, and said Board shall investigate and report to the Board of Public Works each case wherein the contractor or his agent or agents, after the above due notice in writing, repeat the offense, and said Board of Public Works shall impose for each offense a fine of not less than \$1.00 nor more than \$5.00 for the first offense at any one place, nor less than \$5.00 nor more than \$10.00 for any subsequent offense at the same place, which amount shall be withheld from the contractor when settlement is made.

20. Whenever, after the contract for the collection, removal and disposal of garbage shall have been in force and effect, there shall be annexed to the City of Indianapolis any additional territory, the Board of Public Works may order and direct the contractor to begin and continue collections of garbage within such annexed territory, according to the terms and conditions of the specifications hereinbefore provided, and the amount of compensation for such additional services shall be determined in proportion to the area annexed to said city and the area of said city at the date of the beginning of such contract for the collection, removal and disposal of garbage.

21. Garbage must be disposed of in a sanitary manner, not prejudicial to the public health. The process must be not only not offensive or noisome in its operation, but must also be effective and sanitary in the destruction or reduction of garbage. The plan of disposal in use must be approved by the Board of Public Health and Charities. The said Board of Public Health and Charities shall report to the Board of Public Works when said contractor is disposing of the garbage in a manner prejudicial to public health or interest, and shall be sole judge of this condition. Said Board of Works may then declare this contract null and void, or assess penalties, or both, in like manner as if the contractor had forfeited or refused to accept the contract, and the bondsman of the contractor may be called upon to fulfill the contract, or the city itself may undertake the work, the cost of which shall be assessed against the contractor, and to be retained from any moneys owing to him by the city, or his bondsman be called upon to pay the same.

22. Each bidder shall submit with his bid drawings distinctly and clearly showing his method by which it is intended to dispose of the garbage and dead animals; but no bid will be considered that contemplates the dumping of such material either within or without the corporate limits of the city, or of feeding the same to animals.

23. Each bidder must satisfy himself by his own observations and figures, as to the quantity of work to be done, and must bid to collect, remove and dispose of all garbage and dead animals, regardless of the quantity.

24. The contractor shall dispose of all night soil delivered to him at the plant established and maintained for that purpose, during the hours from six o'clock a. m. and six o'clock p. m., during the months of May, June, July, August, September and October, and from seven a. m. and five p. m., during the months of November, December, January, February and March. The Board of Public Health and Charities shall prescribe in what manner said night soil shall be disposed of. And should the contractor fail to dispose of the same in the manner prescribed by said Board, it (said Board) shall have the right to cause said night soil to be so disposed of and charge said contractor with the expense thereof, and the amount of such cost shall be deducted from the amounts due said contractor under his bid.

25. If the contractor so desires it, the City of Indianapolis shall furnish free of rent such portion of the land owned by the City of Indianapolis and known as "Sellers' Farm" as may be necessary for the maintenance and operation of a plant: Provided, however, that the contractor may furnish his own ground nearer to the City of Indianapolis, such location to be approved by the Board of Public Works and the Board of Public Health and Charities of said city.

26. The contractor shall furnish bond in the sum of fifty thousand dollars (\$50,000) in case the contract is let for a period of five (5) years, and in the sum of one hundred thousand dollars (\$100,000) in case the contract is let for a period of ten (10) years, for the faithful performance of his contract. Such bond shall be executed by a responsible surety company or two freeholder residents of the City of Indianapolis, each of said freeholders to qualify as the owner of real estate in Marion county, Indiana, in the sum of twice the value of the amount of such bond.

27. The contractor shall agree to complete a plant, together with all equipment, vehicles and other equipment contemplated in these specifications, within six (6) months after the contract shall have been approved by the Common Council of the City of Indianapolis.

28. The contract shall be in force and effect for a period of five (5) or ten (10) years from May 26, 1912, as may be determined by the Board of Public Works after receipt of proposals, and in said contract it shall be provided and stipulated that at any time not less than three (3) nor more than six (6) months before the expiration of said contract the city shall have the option, under any authority conferred by law, to become the purchaser of all the tangible property constituting the plant and equipment of the contractor for the collection, removal and disposal of garbage and dead animals, and for the disposal of night soil, by the payment to the contractor, or his successors or assigns, the fair market value of such tangible property, and in case the said city, through its proper officers, and the said contractor, his successors or assigns are unable to agree as to the fair market value of said tangible property, the same shall be determined by three (3) citizens of Indiana, who shall be freeholders and voters, one of whom shall be chosen by the Mayor of said city, one by the said contractor, his successors or assigns, and the third by the person who shall then be judge of the Circuit Court of

Marion County, Indiana, and the finding of said committee as to such value shall be binding upon both said city and said contractor, his successors or assigns, and such city will, by the terms of said contract, be bound to pay, and the said contractor, his successors or assigns bound to receive, the said amount as the purchase price of said tangible property: Provided, that nothing contained herein nor in said contract shall be so construed as to compel said city to purchase said property unless it, by its officers, elects to have the market value of the same appraised as hereinbefore provided.

GENERAL STIPULATIONS.

(1) The contractor shall not assign or transfer the contract or sublet any of the work embraced in it without the consent of the Board of Public Works.

(2) The contractor shall conform to the directions of the Board of Public Health and Charities as to the time in which the garbage shall be collected, as to the intervals between the collections of the garbage, and the mode of doing the same.

(3) If the machine or machines intended for use are patented, the bidder must exhibit proof of his right to use the machine or machines in the City of Indianapolis, and will further be required to execute a bond of indemnity holding the city harmless from any suits for infringement of patent which may arise under the contract.

(4) Whenever the contractor is not present on the work, orders will be given by the Board of Public Health and Charities, or its duly authorized agents, to the superintendents or overseers who may have immediate charge thereof, and shall by them be received and strictly obeyed. And if any person employed on the work shall refuse or neglect to obey the directions of the Board of Public Health and Charities, or its duly authorized agents, in anything relating to the work or shall appear to the said Board of Public Health and Charities to be incompetent, disorderly or unfaithful, he shall, upon the order of said Board of Public Health and Charities, be at once discharged and not again employed on any part of the work.

(5) The contractor shall be required to observe all city ordinances in relation to obstructing streets, keeping open passage ways and protecting the same where exposed, maintaining signals, and generally to obey all laws and ordinances; and said contractor shall agree to indemnify and save harmless the City of Indianapolis from all suits and actions of every kind and description brought against the city for or on account of any injury or damages received or sustained by any party or parties, or by or from the contractor, his servants or agents, in the fulfillment of the contract; and it shall be further agreed that so much of the money due to the contractor under and by virtue of the contract as shall be considered necessary by the Board of Public Works may be retained until all suits or claims for damages as aforesaid shall have been settled and evidence to that effect furnished to the satisfaction of said Board of Public Works.

(6) To prevent all disputes and litigation, it shall be further agreed by the parties to said contract that the Board of Public Health and Charities shall in all cases determine the amount or quantity of the work which is to be paid for under the contract, and it shall, with the aid of the Board of Public Works, decide all questions which may arise relative to the execution of the contract on the part of the contractor, and its estimates and decisions shall be final and conclusive.

(7) Nothing in these specifications shall be construed as a waiver or surrender by the city of any of its police powers, or of the right of

the Common Council at any time hereafter to pass necessary or reasonable police ordinances, or of the Board of Health and Charities to adopt necessary and reasonable rules or regulations, in the interest of the public health and welfare, in relation to any of the matters contained in these specifications, or in any contract based upon these specifications.

Should the successful bidder not be incorporated at the time the contract is awarded, such bidder may, before such contract is entered into, incorporate under the laws of Indiana for the purpose herein contemplated.

(4) Each bidder or firm of bidders shall accompany his or their bid with an affidavit that such bidder or bidders have not directly or indirectly entered into any combination, collusion, undertaking or agreement with any other bidder or bidders to maintain the price of any work or service bid upon, or to be done or furnished under the proposed contract, or to prevent any other bidder or bidders from bidding, or to induce any bidder or bidders to refrain from bidding on such contract and work, and that such bid is made without regard or reference to any other bid or bids, and without any agreement, understanding or combination, either directly or indirectly, with any other person or persons with reference to such bidding in any way or manner whatever.

(5) All prices must be written in words, as well as figures.

City Controller.

DEPARTMENT OF PUBLIC WORKS,
OFFICE OF THE BOARD.
INDIANAPOLIS, IND., July 31, 1911

Mr. Harry R. Wallace, City Controller:

DEAR SIR—The recent appropriation for three fire stations was made in such a way as to practically make a separate fund for each fire station, and another fund for the payment of architect's commissions.

Bids were received on each station separately, and combination or lump sum bids on two and three stations. The Board found it cheaper to select part of the combination or lump sum bids and part of the single bids. The question now arises as to how much of the cost under the combination bids should be charged to each fund.

The appropriation for architect's commission is insufficient. Under the circumstances it appears that the only way to keep an accurate and legal account of the expenditures for these fire stations is to have a new fund created available for all three stations, including architect's commission.

We, therefore, request that you recommend to the Common Council the passage of an ordinance transferring or re-appropriating sufficient money to a new fund as hereinbefore stated. We estimate that \$80,000.00 will be sufficient to pay for the construction of three fire stations and architect's commission.

Respectfully,

C. A. SCHRADER,
CHARLES L. HUTCHINSON,
E. J. O'REILLY,
Board of Public Works.

DEPARTMENT OF FINANCE,
OFFICE OF CITY CONTROLLER.

To the President and Members of the Common Council:

GENTLEMEN—I submit herewith an opinion from the City Attorney in regard to the attached ordinance.

Respectfully submitted,

HARRY R. WALLACE,
City Controller.

INDIANAPOLIS, IND., August 4, 1911.

Mr. Harry R. Wallace, City Controller:

DEAR SIR—Replying to your communication of August 1st, with reference to appropriation of \$80,000.00 for the construction of new fire stations, with enclosures, it is our opinion that there is considerable doubt as to the validity of the ordinance designated as "Appropriation Ordinance No. 40, 1911," and if the Board of Works has not already executed a contract, assuming that the ordinance is valid, we would feel that the ordinance should be repealed, but in view of the action of the Board of Public Works, it is our opinion that you should certify an

ordinance of the following tenor, as requested by the letter of the Board of Public Works, bearing date July 21st, 1911:

"GENERAL APPROPRIATION ORDINANCE, No. —, 1911.

"An ordinance amending Section 1 of an ordinance entitled 'An ordinance appropriating the sum of \$95,000.00 to and for the use of the Department of Public Works, and fixing a time when the same shall take effect,' approved June 26, 1911.

"Section 1. Be it ordained by the Common Council of the City of Indianapolis, That Section 1 of an ordinance entitled 'An ordinance appropriating the sum of \$95,000 to and for the use of the Department of Public Works, and fixing a time when the same shall take effect,' approved June 26th, 1911, be amended so as to read as follows:

"Section 1. Be it ordained by the Common Council of the City of Indianapolis, Indiana, That the sum of Eighty Thousand (\$80,000) dollars be and the same is hereby appropriated out of any moneys in the hands of the City Treasurer not otherwise appropriated, to and for the use of the Department of Public Works, the amount appropriated herein to be known as the fund for "New Fire Stations," and to be devoted by the Board of Public Works in the construction of the new fire stations to be located at the corner of Kentucky Avenue and Maryland Street, New Jersey and South Streets and Thirty-eighth Street and Central Avenue, including all architects' fees earned in connection with the construction of said fire engine houses.

"Sec. 2. This ordinance shall take effect and be in force from and after its passage."

Should this meet with your approval, we recommend that the matter be carried out as herein indicated.

Sincerely yours,

Herewith enclosed, please find the assessment notice which was left at the office of this Board.

A forecast of the financial condition of this Department shows that it will be absolutely impossible for it to pay this assessment from its maintenance fund. As you probably know, it is with the utmost difficulty that the Board is going to be able to meet maintenance charges from its present funds during the next two and three months. We are sending a copy of this letter to the Mayor.

INDIANAPOLIS, IND., August 29, 1911.

To the President and Members of the Common Council:

GENTLEMEN: Your Committee on Public Service, to whom was referred Resolution No. 3, 1911, begs leave to report that we have had the same under consideration and from our investigation we find that at the present time there is approximately one-seventh more population in the City of Indianapolis than there was five years ago when the present contract for the removal of garbage was let. If the contract which was let at that time and also let to the highest bidder was fair then in the same proportion the present contract let to the lowest bidder at an advanced figure of one-fifth must evidently be reasonable as the city will grow more rapidly in the next five years within its present limits than it did in the last five years. We also find that in two advertisements for bids there was but two bidders; if there was any intention on the part of others to bid and to bid at a lower figure than that accepted by the Board of Public Works, there was certainly sufficient time given them to bid. We have investigated as thoroughly as possible all available sources of information, and find that the present contractor is making ten to twelve per cent. on his investment. It seems from all reports and rumors that the Council should hold off the ratification of this contract until others could bid; but as that is impossible, as the only way that others could bid is for this body to reject this contract, and if there were no new bids came in at a lower figure and the present bidders should bid again and raise their bid, then the responsibility of this action would rest on the council.

As to the proposition of the city doing this work on its own account, the city treasury will not stand the purchase of this plant at this time, and if it would, the price the city must pay for labor, and the hours that this labor would work, would cost the city approximately twenty-thousand dollars (\$20,000.00) more to do the work than it would the contractor. If there is any movement on foot which will in any manner be a saving to the city, the ratification of this contract does not lose the city this advantage, as the Mayor may veto this ordinance, and by so doing, show to the Council the benefit to the City of obtaining new bids, and we believe the Council will gladly do their part. In order that this ordinance may get into the budget, in case of the receiving of new bids, we believe that this body should not delay action but give the Executive Department what time is available for their final action.

Respectfully submitted,

FRED C. OWEN,
CHARLES F. COPELAND,
FRANK E. MCCARTHY,
GEORGE B. RUBENS.

COMMUNICATIONS FROM THE MAYOR.

EXECUTIVE DEPARTMENT.

CITY OF INDIANAPOLIS.

INDIANAPOLIS, IND., September 18, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I earnestly urge that some action be taken immediately regarding the disposition of the present headquarters of the Fire Department in order to facilitate the purchase of a site at the southeast corner of Alabama and New York streets. This site has been recommended by the Board of Works.

Very truly yours,

S. L. SHANK.

Mayor City of Indianapolis.

EXECUTIVE DEPARTMENT.

CITY OF INDIANAPOLIS.

INDIANAPOLIS, IND., September 18, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I have the honor to submit herewith a communication addressed to me by Harry Wallace, City Controller, making certain recommendations as to the estimate for appropriations for the several departments of the city government for the coming fiscal year. I desire to say to the Council that I have gone over the recommendations made by the Controller very carefully with all the heads of the departments of the city. The Controller has recommended a decrease in the amount of money asked for by the different departments, the sum of \$137,593.75, which decrease I approve.

The Controller has recommended a tax levy of five (5) cents for park purposes. After carefully considering the question and discussing it with members of the Park Board, I have come to the conclusion that the rate should be nine (9) cents instead of five (5) cents. I therefore recommend to your honorable body that the tax levy for the ensuing year shall be as follows:

City purposes	\$.74
Track elevation06
Sinking fund05
Park Board09
School health fund00½
Firemen's pension fund01
Police pension fund01
Recreation fund00½
Total	\$.97

I have the honor to remain,

Very truly yours,

S. L. SHANK,

Mayor City of Indianapolis.

DEPARTMENT OF FINANCE.

OFFICE OF CITY CONTROLLER.

INDIANAPOLIS, IND., September 13, 1911.

Hon. Samuel Lewis Shank:

SIR: I submit herewith for your consideration estimates of appropriations for the several city departments, except the Department of Public Parks for the year 1912, as revised by me.

The appraised valuation of property within the corporate limits of the city subject to taxation, less mortgage exemptions, as certified to me by the County Auditor, is as follows:

Appraisement of lots, lands and improvements	\$213,705,875.00
Number of polls	43,000.00

The aggregate of the estimates as submitted by the Department of Finance, Law, Public Works, Public Safety and Public Health and Charities is \$2,276,591.50, which requests I have reduced in the aggregate to \$2,138,997.75, showing a net cut from the requests of the several departments of \$137,593.75.

I estimate that the receipts from all sources other than taxes for the year 1912 will amount to \$575,000.00; this leaves the sum of \$1,563,997.75 to be raised by taxation.

I, therefore, recommend a tax levy for general city purposes of seventy-four (74) cents and fifty (50) cents on each poll for general city purposes; six (6) cents for track elevation fund; five (5) cents for sinking fund; five (5) cents for general park fund; one-half of one cent for school health fund; one-half of one cent for recreation fund; one cent for firemen's pension fund; one cent for police pension fund, making a total of ninety-three cents on each one hundred dollars of taxables.

I respectfully recommend your approval of the appropriations submitted herewith.

Very respectfully,

HARRY R. WALLACE,
City Controller.

MY DEAR SIR: Will you kindly ask the Council to appropriate twelve hundred (\$1,200.00) dollars for the installation of a water heater, one pump and two tanks at the City Hospital? These items were included in a request made to you some time ago by the Board of Works for nine thousand (\$9,000.00) dollars.

Dr. Freeland, Superintendent of the City Hospital, states that it is very necessary that this work be done as soon as possible.

Yours very truly,

C. S. Woods.

Dr. J. L. Freeland, Superintendent:

DEAR SIR: Below please find estimate of equipment for power house:

One 350 h. p. water tube boiler.

One 750 h. p. open heater.

One duplex pump for hot water system which will be able to meet future demands.

One vacuum pump for heating system.

Supply tank to be installed in power house (at present time we have no water whatever in storage).

Including complete installation of boiler, heater, pumps, storage tanks, also necessary changes in steam pipes and hot water lines, which now require 100 pounds pressure at pump for less than normal supply on the wards—\$9,000.00.

From the Committee on Public Service:

To the President and Members of the Common Council:

GENTLEMEN: We, your Committee on Public Service, to whom was referred General Ordinance No. 44, 1911, an ordinance ratifying, confirming and approving a certain contract, made and entered into on the 14th day of July, 1911, between the City of Indianapolis and The Indianapolis Sanitary Company for the collection, delivery and disposal of garbage and dead animals, and for the disposal of night soil, and fixing the time when the same shall take effect and remain in force, to

which was attached resolution No. 3, 1911, making it imperative upon this Committee to examine and investigate fully all available sources of information as to whether or not said contract price is excessive, and if so, to what extent, and to report its findings with its report on said ordinance, and further to investigate and report back to the Council whether it would be possible and profitable for the city to perform the work contemplated in said contract on its own account, beg leave to report that we, the undersigned, have had said Ordinance No. 44 and Resolution No. 3 under consideration, and are ready to submit the following for your consideration and instruction: We have publicly examined a number of persons under oath. We found that a majority of such persons called before us who were supposed to be in possession of knowledge upon this subject had formed their opinions purely by conjecture, and that they had nothing to offer the Committee that was material. The information obtained and submitted herein is exclusive, and only such statements as seemed competent and conclusive are submitted. Of such was a report from the City Board of Health, giving us the following facts: According to their report, that for seven months ending in July, 1911, The Indianapolis Sanitary Company collected 30,588,000 pounds of garbage, which was equal to 15,294 tons; that during the same time they collected 3,068 dead animals; that in the year 1910 56,756,000 pounds of garbage was collected, equalling 28,378 tons, and that 5,886 dead animals were collected. This required forty-one (41) wagons during the warm months (see report submitted No. 1, here attached).

The Indianapolis Sanitary Company, to whom was submitted by your Committee a number of typewritten questions, which were answered in like manner and are herein submitted, over the signature of H. Rauh, have caused some confusion in the minds of the Committee, as regards the compilation of figures and estimates. Mr. Rauh was afterwards called before the Committee and was asked and answered numerous questions, which are noted in the following compilation (No. 2).

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., August 24, 1911.

Dr. W. H. Johnson, Indianapolis:

MY DEAR DOCTOR: Mr. Henry Rauh reported to me that forty-one wagons are now used in the collection of garbage, and I am enclosing a monthly report made to this Department by The Indianapolis Sanitary Company.

I shall be glad to give you any other information that we may have.
Yours very truly, C. S. Woods.

INDIANAPOLIS, IND., July 19, 1911.

Indianapolis Sanitary Company, Indianapolis, Ind.:

GENTLEMEN: We, the Public Service Committee of the City Council of Indianapolis, to whom was referred the garbage contract awarded by the Board of Public Works of the City of Indianapolis, beg to submit the following questions, in order that we may have proper data on which to intelligently base a report to our Council.

Kindly give the matter immediate attention.

1. What do you consider the value of your plants, including collection property and desiccating property?

2. What amount of the above values should be charged annually to depreciation in wear and tear?

3. What amount of tonnage do you collect annually of garbage?

4. What does it cost per ton to collect garbage, not including salaries of officers or depreciation of property?

5. What does it cost you per ton to desiccate the garbage, not including salaries of officers or depreciation of property?

6. What does it cost you annually under your present contract to collect dead animals, not including any overhead expense?

7. What do you estimate the percentage of increase in cost will be in the coming five years over the past five years, not including salaries of officers or depreciation of property, to collect garbage and dead animals?

8. Do you carry insurance, both fire and liability, on your property?

(A) What rate do you pay on fire?

(B) What rate do you pay on liability?

9. What is the value of your by-products per ton from green garbage?

10. In your opinion, will the value of by-products increase or decrease in the next five years?

11. What do you estimate the annual profits will be under the proposed contract for the next five years, after deducting salaries of officers, depreciation of property, insurance (fire and liability) and taxes?

12. Providing it would seem expedient for the city to acquire your property, what valuation would you place upon it in the event the city would conclude to purchase it?

Yours respectfully,

W. H. JOHNSON,

Chairman Public Service Committee.

2348 Station Street, City.

INDIANAPOLIS, IND., July 26, 1911.

Hon. W. H. Johnson, Chairman Public Service Committee, Indianapolis, Ind.:

DEAR SIR: In reply to your very kind favor, we beg herewith to submit to you the answers to your questions requested from our company:

Ans. No. 3. Twenty-eight thousand tons.

Ans. No. 4. \$1.56 per ton, not including salaries or depreciation of property.

Ans. No. 7. Eight to ten per cent.

Ans. No. 8. A. \$2.75 per 100, B. \$2.10 per 100, but can only get limited amount of insurance and must carry large risk ourselves.

Ans. No. 12. Very truly yours,
INDIANAPOLIS SANITARY COMPANY,
By H. Rauh, *Treasurer*.

INDIANAPOLIS SANITARY COMPANY REPORT NO. 1.

The first report submitted by The Indianapolis Sanitary Company was typewritten and over the signature of H. Rauh, and was in answer to the following questions, written in type and submitted by the Public Service Committee:

(1) What do you consider the value of your plant? Ans. \$150,000.00.

(2) What amount of tonnage do you collect annually of garbage? Ans. 28,000 tons.

(3) What does it cost to collect garbage, not including salaries of officers and depreciation? Ans. \$1.56 per ton—28,000, \$43,680.00.

(5) What does it cost to desiccate garbage per ton, salaries of officers and depreciation not included? Ans. \$1.25 per ton—28,000, \$35,000.00.

The answer to question No. 6 (What does it cost to collect dead animals?) was included in question No. 4.

Insurance premiums -----	\$1,000 00
--------------------------	------------

No. 2. What amount should be charged to depreciation in values? Ans. .08 to 10 per cent., approximately 9 per cent. -----	13,500 00
---	-----------

Total cost of operating -----	\$93,180 00
-------------------------------	-------------

(9) What is the value of the by-products per ton? Ans. \$1.51 per ton—28,000 -----	42,280 00
--	-----------

Add to the income of by-products the city's contract price.---	53,000 00
--	-----------

Total receipts -----	\$95,280 00
----------------------	-------------

—Resume—

Cash receipts -----	\$95,280 00
---------------------	-------------

Expense -----	93,180 00
---------------	-----------

Net cash profit -----	\$2,100 00
-----------------------	------------

We submit that an interest of 4 per cent. should be deducted on the investment, making \$6,000.00 per annum. Under question No. 5, in computation of expenses, there is given an amount of 55 per cent. for salary and depreciation. The amount of 9 per cent. having been deducted in computing the expense column would leave 46 per cent., presumably for officers' salaries; this, if added to expense column, would result as follows:

Expense \$93,180.00 plus \$6,000.00 interest plus \$12,880.00 salaries -----	\$111,180 00
Cash received -----	95,280 00
Deficit -----	\$15,900 00
Cash values in sight after subtracting 9 per cent. from the original investment as depreciation -----	\$136,500 00
Less deficit of -----	15,900 00

Apparent values intact -----	\$120,600 00
Apparent loss in one year of business -----	\$29,400 00

Mr. Rauh also appeared later and voluntarily submitted his books and asked the Committee to examine them. A representative of the legal department had been called before the Committee prior to Mr. Rauh's presentation, who informed us in oral opinion that the Committee had no right to take possession and enter into the books and accounts of the Company or to inquire into any private business of the Company not directly pertaining to the matter under consideration, but that we had a perfect right to require the company to be represented before our Committee with their books, and that then and there we could ask and compel them to answer and verify the same by their books any question that would be pertinent.

Therefore, the Committee proceeded with the examination of Mr. Rauh's books according to the above instruction. However, the examination evidently was very crude and unsatisfactory, at least to a part of the Committee, owing to the unexpected presentation of Mr. Rauh and the Committee not having prepared themselves to receive him and his books in any manner. Mr. Rauh insisted upon the Committee taking possession of his books and making a thorough examination of them. This the Committee did not feel competent of doing, not being expert accountants. Therefore, the Committee asked a number of questions, which Mr. Rauh answered by referring to a balance sheet he held in his hand, asking the Committee to verify his statements by his books, which was done to the best of our ability, with the following results: (See Indianapolis Sanitary Company Report No. 2.)

If this report should include a 9 per cent. depreciation of capital invested, an additional expense charge of \$54,000.00 should be added in four years' operation at loss per year \$1,079.24½ (deficit). \$54,000.00 plus \$319,453.44 equals \$373,453.44, minus \$369,136.48 equals \$4,316.96 (deficit). There yet remains intact values in plant, after deducting 9 per cent. depreciation and deficit \$91,683.04, at the end of four years, figuring on the basis of first investment of \$150,000.00.

Other persons were called before the Committee, who, we were informed, had made investigations of the contract now under consideration, and who it was supposed would be competitive bidders, and from their statements we were led to believe that their bids were not presented: First, because the life of the contract was too short to justify them in the expenditure of so large an amount of money; second, that The Indianapolis Sanitary Company possessed a vital advantage by being already installed and operative for a number of years, and therefore not having to take into consideration the matter of a short contract, which made the installment of a new plant by a new company almost prohibitive, and giving the already installed company the advantage of a high bid.

And further we found that the specific clause in Section 22 in the general articles of the contract, prohibiting the feeding of said garbage to animals, had prevented a bid from being presented whereby the city, according to statements made, would be relieved from any expense at all in disposing of its garbage, the contractors saving the city whole from any responsibility whatever by bonding themselves so to do.

The Committee also called before them Mr. ———, who claims to be an expert builder of garbage reduction plants. The information given by him is here submitted. The compilation of expense of equipping the collecting outfit was not given by Mr. ———, but was obtained by a member of your Committee and is not entered under an affidavit, therefore is subject to verification.

In the following computation there appears to be a slight difference in some of the footings, but not enough to affect the general results materially, also, there have been some exceptions taken to the meaning of certain footings. As these, however, have not been presented before the Committee in a formal way, they have not entered into this report as a matter of record.

Mr. Harry Wallace, the City's Controller, was called before the Committee. He stated that the city could not build and maintain a municipal garbage plant during the next year without a small bond issue, but by issuing such a bond, with what might be spared out of the General Fund, it would be possible; that owing to the fact that the matter of elevating the railroad tracks and the absolute need of the Park Board, the funds of the city would be inadequate to meet all these demands without such bond issue.

And now Mr. President, it is evident to the undersigned members of your committee, that the work of further investigation by this Public Service Committee as such of this particular matter would be fruitless as there exists a difference of opinion in regard to modes of procedure and to the validity of a more complete investigation of the books and records of the Indianapolis Sanitary Company, which appears to the undersigned as being one of the most important sources from which we could obtain further information that might aid us in reconciling these confusions of opinion. We, therefore suggest that, if the Council in its wisdom should consider it wise to further investigate this matter, that it resolve itself into a special committee of the whole so to do.

Resume.

The undersigned members of the committee, after considering the above notations, have arrived at the following conclusions:

First: That this report is incomplete and therefore insufficient in its present condition to comply with the intent of your resolution No. 3, 1911.

Second: We believe if the above notations be deemed sufficient that

they prove that it would not only be possible but also profitable for the city to perform the work contemplated in this contract on its own account provided it installs a modern up to date plant.

Third: We believe that if the Sanitary Company has operated its present plant remuneratively, which it claims it has, that the advance price of \$10,000.00 a year on the contract, owing to the increased amount of garbage, due to the increase of population, that it is excessive. For as the amount of garbage increases, so does the cash values increase pro rata with the increase of by-products.

Fourth: We believe that the clause in the contract prohibiting the feeding of garbage to animals should be stricken out, provided the city is relieved from any involvement by the contractor giving a good and sufficient bond so to do.

Fifth: This branch of your body, for various other reasons that it has in mind, believes that some further efforts should be made to make this report more complete and therefore more comprehensive. But if the above report as submitted, to your minds fulfill the requirements of your resolution, then this branch of this committee is ready to prepare their report on said General Ordinance No. 44.

(Signed)

WILLIAM H. JOHNSON,
GEORGE B. RUBENS.

INDIANAPOLIS, IND., September 18, 1911.

To the President and Members of the Common Council of the City of Indianapolis:

GENTLEMEN: In the matter of the contract entered into between the City of Indianapolis through its Board of Public Works and The Indianapolis Sanitary Company for the collection and disposal of garbage for a period of five years from May 1, 1912, which contract is now before you for ratification or rejection, there has been a feeling on the part of various persons and organizations that such contract will cause the city to pay an unreasonable price for the service rendered and will give to the contractor an unreasonable profit.

Moreover, various persons have indicated that the work could be done at a lower figure if it were thrown open again to bids, and some persons have indicated a desire to take the contract at a lower figure.

We desire the city to do the very best for its citizens that can be done, and we, therefore, respectfully request that you shall take action refusing to ratify the contract with us, and thus open up the way for the city to secure the benefit of more favorable offers.

Very respectfully yours,

INDIANAPOLIS SANITARY COMPANY,

By S. E. Rauh, *President*.

To the President and Members of the Common Council:

GENTLEMEN: I return herewith without my approval Appropriation Ordinance No. 73, 1911.

Very truly yours,

S. L. SHANK,
Mayor City of Indianapolis.

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., September 30, 1911.

To the President and Members of the Common Council:

I am sending you herewith the different reports made by the members of the Market Commission, with some suggestions of my own. I am sure that some of the present conditions at the East Market should be changed, and I believe such changes will tend to better the market and materially reduce the prices that people have to pay for produce there.

Under the law, the market is controlled by the Board of Safety, subject, of course, to the ordinances of the Council. If, therefore, the Council favors any of the recommendations I make, I respectfully suggest that a special committee of the Council confer with the Board of Safety concerning these changes, and together try and remedy the abuses by changes in the ordinances and the rules of the Board of Safety, if necessary.

First: I recommend that the wholesale and retail markets be entirely separated, and that the Council provide a place where produce can be

sold at wholesale, and that the present East Market be used by retailers only.

Second: I recommend that the powers of the Market Master be increased, if you find it necessary, or that a position be created to be filled by some competent person whose duty it shall be to familiarize himself with market conditions everywhere, keep posted on market prices, and keep in touch both by telegraph and telephone, with producers and producers' associations, so that if at any time there should be a shortage on the market of any particular article of food sold there, it could be brought to the market. I recommend that the ordinance be further changed so that the Market Master or such assistant shall have power to sell such produce if shipped to him, and retain a fair compensation for such work, at least sufficient to pay the expenses of so selling. I also recommend that the power be given to sell the produce of any farmer or gardener who can not come to the market, and that the Market Master be given the power to employ such assistants and clerks as he finds necessary and make a report to the Controller at such times as you deem necessary.

Third: I recommend that the original producer or producers, and the peddlers and commission men be separated, giving to each a certain portion of the streets now used for the market, but keep the two classes separated so that a consumer may readily know who he is dealing with. I recommend that the farmer and gardener who raises his own produce be given as nearly as possible the exclusive use of the east building on the market space; that each man be permitted to occupy only one street; that he be charged the sum of ----- cents for the use of such stand each market day. If one who has a stand engaged does not occupy it by seven o'clock on a market day, the Market Master should be permitted to give it to some other producer who has no stand, and that places be provided on the streets for any producer who can not find a vacant stand in the building. At the present time live poultry is sold in the east building. I recommend that a separate place on the East Market be established for dealers in poultry. I believe it would be better for the market to do so.

Fourth: Section 1729 of the Revision of 1904 provides that certain streets, naming them, shall be used as a public market for the sale of poultry, game, butter, eggs, fruits and vegetables in their natural state. I believe that this section should be amended so as to give the Market Master the power to separate the farmers and gardeners from the peddlers according to my third recommendation.

Fifth: Information has come to me that bartering in stands and stalls has been permitted. This should not be. Section 1746 of the Revision of 1904, provides that no city market lease shall be transferred, assigned or underlet, nor shall any other person than the lessee occupy or use the stall, stand or room so leased, or any portion thereof, and section 1783 provides a penalty for the violation of said section.

No one but the original lessee should be permitted to use the stands under any circumstances, and if anything more is needed, either by additional penalty or change in the ordinance, to prevent bartering in stands, this section ought to be amended, and it should be made clear that where a lessee gives up his stand, it should revert at once to the city.

Sixth: I recommend that the ordinances now existing be amended if it is legal to do so, so that a farmer or gardener who raises and sells his own stuff from house to house in the city, should be given the use of the streets and alleys, free of charge, for that purpose. I believe that a license, to be known as a farmers' license, should be issued by

the Controller upon the payment of a nominal sum, to any person applying for the same, who makes affidavit that the produce he is selling is of his own raising, and providing further for a penalty and a revocation of such license for any violation of the privileges.

I have studied the ordinances governing the market, and I believe with these changes, and with the hearty co-operation of the Board of Safety, and the Market Master, we will come back to the original idea of a public market and materially help reduce prices.

S. L. SHANK,
Mayor.

INDIANAPOLIS, IND., September 1, 1911.

Hon. Samuel L. Shank, City Hall, Indianapolis, Ind.:

DEAR SIR: The Commission appointed by you to investigate the cost of living has directed most of its attention to the market. The consumer is more nearly related to the market place and to the conduct of the business of the market place than to that of any other place or supply. The grocer occupies his own ground either in ownership or through rental. The commission merchant also occupies private property, but the market place belongs in common to all of the people. The Commission has, therefore, deemed it wise to suggest to your honor and through you to proper authority a plan by which the people may secure to themselves the benefit of the market place to whom this place belongs. We recognize the fact that the city has grown to such proportions that no present means of supply should be disregarded or rendered less efficient. A largely increased population of the city makes it imperative that there should be the largest possible supply of products entering into daily consumption. The more nearly these products can be supplied through the producer, the farmer, and the gardener to the consumer, the less profit will be required from handling by middle men. Under present conditions the producer, the farmer and the gardener have not had sufficient encouragement, facility nor opportunity to meet the consumer.

With a view to a change of method without radically upsetting the efficiency of the present market in which middle men may be necessary, we recommend:

1. That there shall be no bartering in stands. If a standholder relinquishes his stand it shall revert and be re-let by the city. It should be made impossible for any individual to profit by the re-sale of any stand.
2. The ownership of several stands by one individual or firm should be discouraged.
3. The entire curb of Market street fronting the market place and on the west side of Alabama street to Washington street and on Alabama street fronting the east end of the market place and on Market street on the south side of Delaware to Alabama street should be set apart solely for producers, farmers, and gardeners selling directly to consumers, who shall occupy such space after they have made affidavit that they are producers, farmers or gardeners selling only such vegetables and other products wholly produced by themselves, such affidavit setting forth the consideration of the stand granted for such sale, and the grant to be void upon any other consideration.
4. We recommend that it be made unlawful with sufficient penalty by enactment of the Council or proper authority for any person other than a producer, farmer or gardener selling exclusively his own products

and exclusively to consumers to occupy any stand designated in the foregoing recommendation.

5. We recommend that the holder of these stands shall be assigned such places as they may select for as many days as the standholder may elect upon paying ten cents per day for each day he may desire; provided, however, that he shall occupy the stand not later than seven o'clock on the day or days upon which payment has been made. All stands in recommendation 3 shall be let without charge to such producers, farmers or gardeners upon their selection if not previously paid for or occupied by another.

6. We recommend that all farmers, gardeners and producers who are selling exclusively their own products shall upon affidavit be exempt from all forms of license such as vehicle license, peddler's license or any other charge by the city, except as provided in Article 5.

7. We recommend that the street car company be requested not to use the tracks in Market street between Delaware and Alabama streets on market days, and if possible that the line of track from Delaware to Alabama streets on Market street be removed.

8. We recommend that the city should not be required to furnish property on which business shall be conducted other than direct to the consumer. The time has come when the market place should be used as it was intended, getting back to first principles. As many producers as possible should be encouraged to take a stand inside the market house. Give him the best stand possible, with a view to the ultimate occupancy of the entire market place, by producers selling directly to consumers. Let him advertise his wares as his own production, with severe penalty for misrepresentation.

9. The market master should be impressed with the fact that the market is primarily for the benefit of the consumer, and not for revenue to the city. His success will be measured by his efforts to give the public the best and cheapest market, and not by the amount of money he can collect from the people through fees to be converted into the city treasury.

10. We recommend that all commodities be sold by weight in as far as practicable and enforce the penalty provided by law against all persons who sell by short or deceptive weight or measure.

The Commission has found many correlated problems which it did not feel itself competent to undertake and which it did not deem wise to include in its recommendations. Your Commission has great confidence in the ultimate power of public opinion, and would conclude this report with an appeal to the people to make effective the recommendations in as far as they may deem them wise, remembering that only an active and vigorous campaign will change present conditions and establish a permanent relief.

Respectfully submitted,

FELIX T. McWHIRTER,
Secretary.

Hon. Samuel L. Shank, City Hall:

DEAR SIR: The above resolutions were adopted section by section by the Commission, but received only two votes, to-wit: Vote of Hon. Cassius C. Hadley and of Felix T. McWhirter, for adoption as a whole. Hoping that the services of the Commission may be of value, I remain

Very truly,

FELIX T. McWHIRTER.

INDIANAPOLIS, IND., September 1, 1911.

Hon. S. L. Shank, Mayor City of Indianapolis, Indianapolis, Ind.:

DEAR SIR: The Commission appointed by you to investigate the "High Cost of Living," as well as to inquire into the conditions under which the Indianapolis market is conducted and operated, has tried to perform its duties as quickly as possible, knowing that the public in general has been for some time past, and is now, clamoring that something be done to relieve the situation. Much information and data has been gathered by the Commission which no doubt will be of interest to you and of vast importance to the public.

The "high cost of living" is a question of national, as well as local importance. In fact, it is one of the big questions of the day, and to make sure that the cost of living is "high" your Commission, as a Commission and as individual members thereof, sought information from all sources and did not confine themselves to the city of Indianapolis and the State of Indiana alone, but went elsewhere and to other cities and States for prices on the actual and absolute necessities of life.

We find:

First. That the cost of living is not only high, but outrageously high.

Second. That the profits derived from foodstuffs are enormous.

Third. That the methods used and resorted to in order to hold up prices are intricate and complicated, requiring much more time than we have at our disposal to fathom.

For your benefit, and for the information of the consumer, we herewith submit statements from New York, N. Y., Des Moines, Iowa, South Bend, Indiana, and Indianapolis, Indiana, giving farmers' prices, market prices, grocers' prices and profits derived by the middlemen, commission merchants and a host of others who stand between the producers and consumers and are no more nor less than speculators in food.

FROM THE REPORT OF THE DEPARTMENT OF COMMERCE AND LABOR.

In a report recently published by the Department of Commerce and Labor, it is shown conclusively that the high cost of living has a real foundation and is in no ways mythical in its origin. The document summarizes investigations made by the Department of Commerce and Labor in two hundred and fifty-seven commodities during the year nineteen hundred and ten, which shows that prices were four per cent. higher than in nineteen hundred and nine, and one and six-tenths per cent. above the average of nineteen hundred and seven, which was the year of highest prices since eighteen hundred and ninety.

An interesting item in the bureau report shows that the wholesale price of farm products was seven and five-tenths per cent. higher in nineteen hundred and ten than in nineteen hundred and nine.

Wholesale prices in nineteen hundred and ten were nineteen and one-tenth per cent. higher than in nineteen hundred; forty-six and seven-tenths per cent. higher than in eighteen hundred and ninety-seven (which was the year of lowest prices between eighteen hundred and ninety and nineteen hundred and ten); sixteen and six-tenths per cent. higher than in eighteen hundred and ninety, and thirty-one and six-tenths per cent. higher than the average high prices between eighteen hundred and ninety and eighteen hundred and ninety-nine.

The highest prices in this decade were reached in October, nineteen hundred and seven, when a general decline began, which continued until August, nineteen hundred and eight. A rise then set in, and there were monthly increases without a break up to March, nineteen hundred and ten, when wholesale prices reached the highest point in twenty years.

They were then twenty-one and one-tenth per cent. higher than the average of nineteen hundred, forty-nine and two-tenths per cent. higher than the yearly average of eighteen hundred and ninety-seven, and thirty-three and eight-tenths per cent. higher than the average price of the ten years, between eighteen hundred and ninety and eighteen hundred and ninety-one.

Then followed a slight decline, and, from June to December, nineteen hundred and ten, prices remained nearly level. At the close of the calendar year nineteen hundred and ten, they were still thirty per cent. higher than the ten-year average between eighteen hundred and ninety and nineteen hundred, and forty-five and four-tenths per cent. higher than the record set by the high price year, eighteen hundred and ninety-seven. Of the two hundred and fifty-seven commodities considered in this investigation, one hundred and forty-eight showed an average increase, twenty-six showed no change, and eighty-three showed decreases.

Some extraordinary variations were recorded during nineteen hundred and ten. Potatoes increased three hundred per cent., eggs, ninety per cent.; coffee, sixty per cent., and mess beef, thirty-five per cent.

From these statements, it is plainly evident that the cost of living is "high." The producer, however, claims he makes only a bare living, merely an existence. The consumer claims he is paying too high a price for the necessities of life.

Who gets the profits, ranging from one hundred to one thousand per cent. is the question that interests the producer and the consumer. The answer is plain and definite—the middle man—whether he be peddler, huckster, grocer, curbstone commission broker or commission merchant.

On this subject Secretary Wilson of the Department of Agriculture said no later than July 31, 1911:

"One of the most pitiable things of modern times is the manner in which the poor of the large cities are being beaten down by the prices which prevail at this time. The prices are such that no man working for ordinary wages can meet them. They are beyond the pocket-book of the poor, and there is nothing that gives the poor any protection from them. This is true in nearly every city. The farmer does not get half the price the consumer pays. The farmer is not benefited by the high prices. The middleman, who steps in between the producer and the consumer, are the people who reap the benefit."

In order to reduce the cost of living, middlemen of all descriptions must be curtailed in their operations, or, in other words, the producer and consumer must be brought closer together.

In the city of Indianapolis and other cities, industrial discontent prevails and has prevailed for years. All on account of the fact that the wages received are not sufficient to meet the obligations incurred, or to be plainer still, the wage worker can not exist without going in debt on the wages he receives. The consequence is, he and his fellow workers demand an increase in wages. It may be granted by the employer or it may not. If it is granted, all well and good; if not, a strike occurs with all its hardships, trials and annoyances.

The employer is not to blame because the wage worker can not pay his debts, nor is the wage worker at fault. Rent, clothes, food, the actual and absolute necessities of life, have gone up by leaps and bounds, thereby compelling the wage worker to ask for an increase in pay. As soon as he gets it, up again goes the cost of living, the middleman reaping the benefits. The fact is, the wage worker is no better off now, as far as wages are concerned, than he was ten years ago, although wages have increased in the meantime, or to be plainer still, wages have not increased in the same ratio that the cost of living has.

One of our public men who has a reputation for being broad-minded and liberal in his views on all questions, said a little over two years ago:

"To increase the cost of living of the average family is not merely a question of a few cents more a day for the necessities of life, or a few cents a day less for wages. Far more is at stake—the health or sickness of little babies, the education or ignorance of children, the honesty or criminality of men, the working power of bread winners, the integrity of families, the provision for old age—in a word, the welfare and happiness, or the misery and degradation of the plain people are involved in the cost of living."

The Indianapolis press within the last few weeks has been heard from in no uncertain tones on the cost of living, one paper remarking that:

"There is hardly an interest in the city, no matter how great may seem its separation from the market, that is not affected by high price of food. We have come to the day when we are bound to recognize the fact that the body that is ill nurtured is ill fortified to withstand temptation, for the mind soon responds to the lower tones of the body. The market problem, of course, seems a formidable one, even to the man who has a comfortable income, but his interest is nothing like so vital as that of those who work for the weekly wage, whose every dollar counts. When we come to this man and his wife and his children, we see the sinister side of the combinations and conditions that extract an unfair price for food for him. And it must be confessed that it is in his welfare that we are most concerned. He has been hard pressed; he has been imposed upon. We want relief for him, primarily."

In order to relieve the situation in the Indianapolis market we recommend:

First—That grocers, bakers, restaurants and the like be excluded from the market altogether.

Second—That every day in the week except Sundays and legal holidays be market days, from June 1st to December 1st, inclusive.

Third—That the east end of the market, known as the shed—being the last addition to the market—be given to the use of farmers and gardeners solely on market days free.

Fourth—That the west side of Alabama Street, north side of Market Street and the east side of Delaware Street, surrounding the market, be given to the use of farmers and gardeners on market days at a rate of 25 cents each per space required.

Fifth—That peddlers, hucksters and middlemen be excluded altogether on market days from selling in that part of the market designated in Article 3, and the streets specified in Article 4.

Sixth—That gardeners and farmers display signs at all times while selling produce, designating whether wholesalers or retailers.

Seventh—That farmers and gardeners be required, under oath, to supply information to the market master, when required so to do, as to the location of their farm, nature of their crops, what proportion of said crop or crops they sell on the market, and any other information he may desire, under penalty of fine and expulsion from the privilege of using the market.

Eighth—That such legitimate farmers and gardeners using the market be exempt from vehicle license and any other such incumbrances that may now exist.

Ninth—That a Commission of three be appointed by the Mayor, to be known as the Market Commission, whose duty it shall be to supervise the interests of the market, hear all complaints made, no matter of what nature, investigate all charges, regulate rents and see that the public and the consumer are not taken advantage of by any one, whether by stall renters, farmers, gardeners or others.

Tenth—That all commodities be sold by weight as far as practical, and that the law be enforced against selling by false or deceptive weights or measures.

Eleventh—That employers of labor be requested and urged to make Friday of each week pay-day, so that the housewives of workers may be able to patronize the market early on Saturdays instead of late at night, as at the present time, when they have nothing to choose from but the "leavings" on hand with peddlers and middlemen.

Twelfth—That the street car company be requested not to use the tracks in Market street between Delaware and Alabama streets only in cases of emergency, or, better still, take the tracks up altogether.

If these recommendations are put into effect we feel that they will help solve the problem of the "high cost of living." But the problem for the whole of Indianapolis is broader than the scope of the market.

Only a small per cent. of our people ever buy anything at the market or ever will. So if lower prices are forced at the market, many people would not reap any advantage from them. Every family that buys at the market also buys at the grocery stores. It therefore follows that the more trade is given to the market, the less will be given to the stores, and it also follows that the less trade the stores have, the higher prices they will ask. So, after all, it is a debatable question whether the little saved at the market by its patrons is not lost to them at the grocery stores. We all agree that the producer and consumer must be brought closer together, and we must therefore realize

that the plan, method or system of bringing this about is the solution of the difficulty.

It is evident that the "high cost of living" is the result of the system of marketing the family necessities. We cannot describe this system better than the Secretary of Agriculture did when he said:

"The distribution of farm products from the farmers to the consumers is elaborately organized, considerably involved and complicated, and burdened with many costly features."

To get an understanding of this system of distribution the following illustration is offered:

There are about fifteen hundred retail grocery stores in Indianapolis and the approximate expense of conducting them is as follows:

Rent—\$50.00 per month	\$75,000.00
Labor—Average number of employes, four; average weekly wage, \$15.00, for 4 1-3 weeks in month.....	390,000.00
Horse and wagon keep, taxes, insurance, interest and incidentals, at \$100.00 per month.....	150,000.00
Total for one month.....	\$615,000.00
Total for twelve months.....	\$7,380,000.00

This is approximately what the consumers of Indianapolis pay each year for the last service in getting food from the grocery stores. It does not include handlers' profits or the cost of the commodities, which are all burdened by the tolls taken by country buyers and shippers, transportation companies, brokers, commission men, wholesalers, etc.

Our marketmaster reported over six hundred stands in the market and an average of two hundred wagons on the market daily, making a total, stands and wagons, of eight hundred. These stands and wagons represent an average of two people each, making a total of sixteen hundred people to be paid for serving the market patrons each day, at only a very moderate wage of \$2.00 each a day. This is an expense of \$3,200.00 each market day, \$9,600.00 for the three market days in the week, and \$499,200.00 in a year. This the patrons of the market must pay to maintain and retain the market as at present operated.

The great bane of the present system of marketing from producers to consumers is in the great number of people operating it. Is it therefore worth while to look elsewhere than to the system for the cause of the "high cost of living"? Any plan to remedy the trouble that falls short of straightening the road from the farm to the table and of freeing it from many of the present toll gates will be inadequate to solve the problem.

It is a problem that deserves the most serious consideration of all the people. We claim experiments should be made and plans tried until a practical and successful one is found. We therefore recommend that Consumers' Leagues or Associations be organized for the purpose of dealing with and buying direct from the producer all articles of food necessary for the table. The producers are as anxious to deal direct with the consumers as the consumers are to deal direct with the producers. Neither one nor the other wants to deal with the middleman. This is the solution of the difficulty, and when put into effect the "high cost of living" will be a thing of the past.

It has been officially stated by the Department of Agriculture that it costs 60 cents to deliver 40 cents' worth of farm products to the consumer, or, in other words, when the consumer pays one dollar the present marketing system takes 60 cents and the farmer gets 40. We believe, by the proposed new system, 40 cents' worth of farm products can be marketed, including transportation, for less than 25 cents. If

it can be done for that amount, then it will cost the consumer 65 cents, a saving of 35 per cent. over the old way.

It costs \$7,380,000.00 to maintain and operate the grocery stores of Indianapolis, and \$499,000.00 to pay the wages of people who sell on the public market (these figures do not include any profit), a total of \$7,879,000.00. We believe the Consumers' Leagues or Associations will save fully \$5,000,000.00 of this the first year, and a greater proportion as they get in running order.

By the establishment of Consumers' Leagues or Associations in Indianapolis, we believe enough can be saved in a few years to enable every thrifty family to own its own home.

Objections will be raised to this plan because it will disturb, to some extent, the present order of things. But the present system has simply become unbearable and it is getting worse every year. Better to have a peaceable readjustment than a bloody revolution. The masses of the people will endure much, but there is a limit to all things and a day of reckoning coming. That day is at hand.

Having thus expressed ourselves open and above board, without fear or favor, on this, one of the greatest questions of the day as we see it, we beg to remain,

Respectfully yours,

COMMUNICATIONS FROM THE MAYOR.

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., October 4, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I return herewith with my approval General Ordinance No. 52, 1911, same being an ordinance approving and authorizing the sale of certain personal property by the Board of Public Works of the City of Indianapolis, Ind.

I have the honor to remain,

Very truly yours,

S. L. SHANK,

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS.
INDIANAPOLIS, IND., October 4, 1911.

To the President and Members of the Common Council:

GENTLEMEN: I return herewith without my approval, General Ordinance No. 67, 1910. My reason for vetoing this ordinance is because, while personally I am in favor of a city garage the plan of establishing one is not feasible unless the city buys ground and erects a building. I have investigated this matter thoroughly and find the rent for a suitable building and the cost of equipment for the same would be too great. I do not deem it advisable to put this additional burden upon the taxpayers of the city.

I have the honor to remain,

Very truly yours,

S. L. SHANK,
Mayor City of Indianapolis.

Mr. Denny moved that General Ordinance No. 67, 1910, be passed over the veto of the Mayor.

The roll was called and the motion failed to carry for want of a two-thirds vote of the Council:

INDIANAPOLIS, IND., December 4, 1911.

Hon. Harry R. Wallace, City Controller:

DEAR SIR: Referring to your inquiry with reference to refunding of certain licenses, growing out of local option elections held on August 31st, and to the tentative ordinances submitted by you, kindly be advised that legally the City is under obligations to refund the pro rata shares of such license fees, and in case the amounts are properly veri-

Very truly yours,

MERLE N. A. WALKER,
City Attorney.

To the City of Indianapolis and Harry R. Wallace, City Controller of the City of Indianapolis:

The undersigned licensee of the retail license for the sale of intoxicating liquors at the place of business commonly known as the corner of the Hanch gravel road and the National road in Wayne Township in Marion County, the said place of business being situated about two miles west of the corporate limits of the City of Indianapolis, would respectfully represent and show that the said license was issued to him on behalf of said City of Indianapolis by S. L. Shank, Mayor, and Harry R. Wallace, City Controller, on the 8th day of June, 1911.

That on or about the 31st day of August, 1911, an election was held in said Wayne Township to determine whether the sale of intoxicating liquor as a beverage should be prohibited in said Wayne Township. As a result of said election a majority of the legal votes cast at said election were in favor of prohibiting the sale of intoxicating liquors as a beverage in said Wayne Township outside of the City of Indianapolis.

Now, therefore, under and pursuant to Section 8 of the act providing for the holding of such elections, said act being Chapter 148 of the Acts of 1911 beginning at page 363 and said Section 8 being found on page 268 of said Acts of 1911, the undersigned licensee does now upon this 27th day of November, 1911, surrender the said license to the City of Indianapolis and demands that the sum of \$258.93 be refunded to him, the same being the proportionate amount due him on account of the unexpired time for which the said license fee was paid.

WILLIAM HENDERSON.

State of Indiana, County of Marion. ss:

Subscribed and sworn to before the undersigned notary public in and for the above named County and State, this 27th day of November, 1911.

INTRODUCTION OF GENERAL AND SPECIAL ORDINANCES.

By Board of Public Works:

General Ordinance No. 86—1911: An ordinance ratifying, confirming and approving a certain contract and agreement made and entered into on the 29th day of November, 1911, between the City of Indianapolis, by and through its Board of Public Works, and the Citizens' Gas Company of Indianapolis, Indiana, viz.:

This contract and agreement made and entered into by and between the City of Indianapolis, of Marion County, Indiana, by and through its Board of Public Works, party of the first part, and the Citizens' Gas Company of Indianapolis, Indiana, a corporation organized and acting

under and pursuant to the laws of the State of Indiana, party of the second part, witnesseth:

WHEREAS, Said City of Indianapolis, on the 25th day of August, 1905, entered into a certain contract with Alfred F. Potts, Frank D. Stalnaker and Lorenz Schmidt, which contract was approved by an ordinance adopted by the Common Council of the City of Indianapolis, and approved by the Mayor of the City of Indianapolis, August 30th, 1905, by the terms of which contract there was granted unto said Alfred F. Potts, Frank D. Stalnaker and Lorenz Schmidt, for themselves and their assigns, a franchise for the manufacture and sale of gas; and,

WHEREAS, Said contract, pursuant to the provisions of Section 24 thereof, was assigned to the said Citizens' Gas Company, party hereto, and,

WHEREAS, It is desired for the mutual benefit and accommodation of the parties that certain provisions of said contract shall be amended;

Now, therefore, it is agreed by and between the parties hereto as follows:

1. That Section 17 of said contract, hereinabove referred to, be amended to read as follows:

The parties of the second part hereby bind themselves, their successors and assigns, to so extend the various lines and mains of said plant that all the inhabitants of said city may be supplied with gas for fuel and lighting purposes, when they may reasonably require the same and when a petition therefor has been presented to the Board of Public Works signed by the owners of the property in any territory in said city asking for such extension, and in which said owners or occupants of at least three houses already erected shall bind themselves to make five or more stove or grate connections or fifteen or more burner connections, and to use the same, for each five hundred (500) feet of space that said lines are asked to be extended. Whenever such petition has been filed with the said Board of Public Works it shall cause written notice to be given to the parties of the second part, their successors or assigns, which may be served on any officer or employe of said parties of the second part or assigns, at the main Indianapolis office of said parties or assigns, requiring said parties of the second part or assigns to appear before said Board of Public Works at a certain hour specified in said notice in not less than five days after the serving of such notice, to show cause why the prayer of said petitioners should not be granted. Such notice shall contain an accurate description of the streets, alleys and public places through and along which such extension is asked and the territory and inhabitants of which it is proposed to supply with gas, as aforesaid. On the day and at the time named in such notice the Board of Public Works shall give to the parties of the second part, or assigns, if they so desire, a full hearing on the question as to whether such petition has been signed by the required number of owners and occupants of property who have agreed therein to take and use the number of stoves or grate connections or burners, and whether such extension should be required; if said parties of the second part or assigns should not appear before said Board of Public Works at the time fixed in said notice, said Board of Public Works may act upon such petition and upon such evidence or information as it may have from any source. If said Board of Public Works, after such hearing, shall decide that said petition has been signed as hereinbefore provided, and contains the agreement as to burners or stove connections herein required, and that such extension may be reasonably required, it may make an order requiring such extension and fixing the time within which said work of extension shall be completed, reasonable time being given, written notice of which shall be given to the parties of the

second part, or assigns, and if the parties of the second part, or assigns, should fail or refuse to make such extension within the time limited, unavoidable delays excepted, the parties of the second part, or assigns, shall forfeit and pay to said City the sum of fifty (\$50.00) dollars for each and every day that the completion of such extension is delayed beyond the period so fixed, which sum shall be considered as liquidated damages for breach of this contract: *Provided*, however, That said parties of the second part, or assigns, shall not be required to proceed with the extension of any lines, pipes or mains between the first day of November and the first day of April of the following year, in any year: *And provided, further*, That such extension shall not be required by said Board of Public Works of said city unless the earnings of said company will permit the same after payment of the dividend of ten per centum per annum, upon the subscribers' certificates; *And provided, further*, That such extensions may be required by said Board of Works of said city during the five years beginning January 1, 1912, to an extent not exceeding in the aggregate in any one year twenty thousand (20,000) feet of mains of adequate size to serve the consumers along such extension; during the five years beginning January 1, 1917, to an extent not exceeding in the aggregate in any one year twenty-five thousand (25,000) feet, and during the remaining term of the franchise, i. e., beginning January 1, 1922, to an extent not exceeding in the aggregate in any one year thirty thousand (30,000) feet, without regard to the previous payment of the dividend of ten per centum per annum upon the subscribers' certificates.

2. That Section 24 of said contract hereinabove referred to be amended to read as follows:

This contract shall not be assigned, nor in any manner transferred, whether directly or indirectly, without the consent of the Board of Public Works, and approval of the Common Council of said city, except by way of mortgage or deed of trust, and as a part of the security for bonds of the company, and which mortgage or deed of trust shall contain, among others, the following limitations and conditions:

First. That such bonds shall bear interest at not to exceed five (5) per cent. per annum.

Second. 1. Ordinances shall be of three distinct classes, viz.: First, appropriation ordinances; second, special ordinances relating to special matters; third, general ordinances relating to the government of the city. The Clerk shall keep each class of ordinances in distinct files, according to the number of their readings, and shall give each ordinance of each class a distinct number in the order of its introduction, and shall place such files on the Clerk's desk at the opening of each meeting.

All ordinances shall be read three times before they may be put to vote upon passage, unless these rules shall be suspended, but no ordinance shall be put upon its passage without having been read in its entirety at least once by the Clerk, nor shall any ordinance or resolution be passed upon the same day it is introduced, except by unanimous consent of the Common Council.

2. First and third readings of ordinances shall be by title only, but all ordinances shall be read in their entirety by the Clerk upon second reading.

All ordinances shall be read by title only when introduced, and shall be immediately referred to the proper committee by the President, unless the Common Council shall vote to take up consideration of such ordinance in Committee of the Whole.

All ordinances shall be open to amendment after second reading, but not before.

After second reading all ordinances shall be ordered engrossed by the Common Council before they may be read the third time and placed upon passage, but it shall be proper to include an order for engrossment in a motion for third reading and passage, in which case the proper form of such motion shall be as follows: "I move that ——— Ordinance No. ——— be ordered engrossed, read a third time and placed upon its passage."

3. No amendment, except to strike out, shall be in order after an ordinance has been ordered engrossed unless by unanimous consent.

Any ordinance failing to receive a majority of the votes upon order for engrossment shall be considered as still upon its second reading and awaiting engrossment unless stricken from the files or otherwise disposed of by the Common Council.

All votes upon the passage of ordinances and resolutions, upon motions to suspend the rules or motions to reconsider, shall be by roll-call.

The Common Council may, at any time, order that ordinances, resolutions, petitions, memorials or other papers shall be printed for distribution among the members or other persons.

4. Any ordinance may be stricken from the files at any time by a vote of two-thirds of all the members elected, or by a majority vote after the ordinance shall have passed a second reading.

5. A majority of all members elected shall be required to pass or defeat any ordinance, and any ordinance failing of passage or defeat because of not having received such a majority for or against passage, shall be considered as engrossed and awaiting call for third reading and final passage. Any such ordinance may be called for third reading and final passage at any subsequent meeting of the Council unless it shall have been stricken from the files or otherwise disposed of.

6. Any amendment to an ordinance may be referred, delayed, or otherwise disposed of, without delay or prejudice to the ordinance itself.

7. Ordinances reported back to the Council by committees or officers will take their proper place in first, second or third readings.

8. Ordinances, resolutions and reports may be committed and recommitted at the pleasure of the Council.

9. When a reference is made of any subject to a standing or special committee, the member introducing the same shall be a member of such committee during its deliberation thereon, but shall have no right to vote. He shall be notified by the chairman of such committee of the time and place of meeting of said committee.

10. All reports from committees shall be made in writing, giving both the title and number thereof, and must be signed by a majority of the members thereof; and all committees shall return all ordinances, resolutions and papers referred to them, and report upon the same to the Common Council not later than the second regular meeting night after the same is introduced: *Provided*, That the Council may, at its discretion, extend the time for making such reports.

11. Upon call of the roll on any question after any one member shall have voted, it shall not be in order for any member to offer remarks except in explanation of his vote; and no explanation shall be in order under the operation of the "previous question" or motion to "lay on the table."

12. All resolutions presented for any action by the Council shall be read by the Clerk and immediately referred to a proper committee by the President, and no debate shall be in order upon such resolution until the same shall have been reported back to the Council by the committee to which it was referred.

RULE 3.

MOTIONS, THEIR PRECEDENCE, ETC.

1. When any motion is made and seconded it shall be stated by the presiding officer, or, being in writing, it shall be handed to the Clerk and read aloud before debate, and shall be entered upon the journal with the name of the member making it, unless it is withdrawn at the same meeting.

2. Every motion shall be reduced to writing except to adjourn; to adjourn to a day certain; to reconsider the previous question or the seconding thereof; to lay on the table; to postpone to a day certain; to postpone indefinitely; to commit; to amend; to suspend the rules, or to concur; and every other motion not so reduced to writing shall, upon the objection of any one member, be considered out of order.

3. A motion to "lay on the table," or for the "previous question," shall not be in order if prefaced by any speech or remarks.

4. Any motion or resolution which in effect contemplates a violation of law, or is in conflict with any ordinance, shall be ruled out of order.

5. A motion to adjourn can not be repeated unless other business has intervened between the motions.

6. A motion to adjourn can not be reconsidered.

7. Any matter laid upon the table may be taken up by a vote of the Council at any time: *Provided*, A motion to reconsider, once laid upon the table, can not again be taken up.

8. A motion to "reconsider," and "that when the Council adjourn it adjourn to meet on a day certain," are privileged questions, and are debatable.

9. A business which by law or necessity must or should be transacted within or by a certain time will be considered a question of privilege.

10. A motion to "suspend the rules" is a privileged question, is not debatable, and can not be amended, except to the acceptance of the mover.

RULE 4.

RECONSIDERATION.

When any question has been once decided, in the affirmative or negative, any member voting with the majority may move a reconsideration thereof on the same or the next regular meeting: *Provided*, That no such motion shall be introduced at the next or subsequent meeting, unless the member intending to make the same shall have given written notice of such intention at the meeting at which the vote which he desired to have reconsidered was taken. A resolution once adopted may be rescinded by subsequent resolution, and ordinances passed may be repealed by subsequent ordinances.

RULE 5.

PREVIOUS QUESTION.

The "previous question" shall be put in this form: "Shall the main question be now put?"

It shall only be admitted when decided by a majority of the members

present, and, until decided, shall preclude all other motions or amendments, except the motion to adjourn. If the motion be sustained, the Chair shall at once put the question, first upon the pending amendments in their order, and then upon the main question.

2. The reading of the journal may be dispensed with at any time by order of the Council.

3. Special orders may be taken up immediately after "Reports from Select Committees," if so ordered by the Council.

4. The Council may order a return to any order of business after the call of the regular order of business.

5. The chairman of each standing committee, in the order named in Section 1 of this rule, or in his absence some other delegated member of the same committee, shall have the privilege of asking for action upon all matters reported upon by his committee, before reports of other committees are considered, unless a majority of the members present decide to the contrary.

RULE 7.

COMMITTEE OF THE WHOLE.

2. Upon the ordinance being committed to a Committee of the Whole Council the ordinance shall be read throughout by the Clerk and then again read and debated by sections. The body of the ordinance shall not be defaced or interlined, but all amendments, noting the line and page, shall be duly entered by the Clerk upon a separate paper, as the

same shall be agreed to by the committee and so reported to the Council; after report, the ordinance shall again be subject to be debated and amended by clauses before a question to engross it be taken.

3. The rules of proceeding in the Council shall be observed (as well as parliamentary law) in a Committee of the Whole Council, so far as they may be applicable, except the rule limiting the time of speaking; but no member shall speak more than twice to any question until every member choosing to speak shall have spoken.

RULE 8.

DECORUM AND DEBATE.

1. When any member is about to speak or deliver any matter to the Council he shall rise from his seat and respectfully address himself to the presiding officer, and on being recognized may address the Council, and shall confine himself to the question in debate, and avoid personality. 2. No member shall speak more than twice on the same question without leave of the Council, nor more than once until every member choosing to speak shall have spoken: *Provided*, All speeches shall be limited to five minutes, unless further time be granted by the Council. Time consumed in answering questions shall not be considered as a part of the speaker's time.

3. When two or more members rise at the same time the presiding officer shall decide which shall speak first.

4. While the presiding officer is putting a question or addressing the Council, or when any member is speaking, no member shall engage in any private discourse or walk across or leave the room unnecessarily.

5. No member shall impugn the motive of any other.

6. Any member may change his vote before the announcement of the result by the Chair. Every member must vote upon every question, unless excused from voting by a majority of the members present.

7. If any member in anywise transgress the rules of the Council any other member may call him to order, in which case the alleged offender shall immediately take his seat, unless permitted to explain. If the question of order be decided against him he shall be liable, if the case require it, to the censure of the Council. If the decision be in his favor he shall be at liberty to proceed.

8. The question upon excusing a member, notwithstanding the refusal of the presiding officer to do so, shall be a question of privilege, and shall be immediately put to vote by the presiding officer, taking precedence of all other questions and motions that may be before the Council at the time.

When any member shall be excused in accordance with the provisions of this rule the Clerk shall note on the minutes that such leave was granted, showing whether leave be granted by the presiding officer or by vote of the Council.

By Mr. Denny (by request):

General Ordinance No. 92—1911: An ordinance creating the position of Superintendent of the East Market, defining his duties, fixing his salary, creating a fund to be known as the "East Market Expense Fund," and defining the purposes thereof, and otherwise regulating the East Market, providing for publication and fixing a time when the same shall take effect.

SECTION 1. Be it ordained by the Common Council of the City of Indianapolis, Indiana, That there is hereby created the position of "Superintendent of the East Market." Such Superintendent shall be appointed by the Board of Public Safety for a term of four years, and shall serve until removed by said board or until his successor has been appointed and qualified. Before assuming the duties of his office he shall take the usual oath of office and execute an official bond in the sum of three thousand (\$3,000.00) dollars, conditioned upon the faithful and honest discharge of his duties and accounting for all funds that may come into his hands as such official. He shall receive an annual salary of twenty-five hundred (\$2,500.00) dollars, payable monthly.

Sec. 2. The duties of such Superintendent of the East Market shall be to familiarize himself with market conditions and prices at all the leading markets of the country and to keep in touch with general market conditions and with producers and producers' associations here

and elsewhere. It shall also be his duty to attend the East Market on each market day, and to keep himself advised as to the prices of all kinds of produce on said East Market.

If, in his judgment, the prices of produce sold on said market are higher than that of surrounding markets, plus transportation charges, or if, in his judgment, there exists any combination or agreement among marketers, or among commission men, or other persons who sell produce to said marketers, either to maintain high prices or in any way to prevent produce from coming to said city or market, which naturally would come otherwise, he shall have the power to buy any kind or kinds of produce of which, in his opinion, the market prices are too high, and sell the same to the patrons of the market at a price equal to the cost of such produce to him, plus cost of handling the same, but in no case shall he charge as expenses more than ten (10%) per cent. of the cost price of such produce. At such times as he is unable to handle such sales himself, he may call upon the Assistant Market Master to assist him, and employ such other assistants or clerks as may be necessary, paying the same out of the commission fee charges as expenses for selling. If, in his opinion, an emergency exists at any time that requires more assistants or clerks than said expense money will pay, said Superintendent shall have the power to pay the same out of the expense fund which is hereinafter provided for.

Any producer not on market may consign his produce to said Superintendent of Markets for sale, and said Superintendent of Markets is hereby authorized to sell the same at the then prevailing market price, retaining from the amount he receives from such produce a sum equal to ten per cent (10%) of such amount, to pay the expenses of selling the same.

All produce which said Superintendent of the East Market is hereby authorized to buy or receive on consignment shall be inspected by said Superintendent of the East Market within twenty-four (24) hours after its arrival, for the purpose of determining its condition. If he finds such produce is not fit to be sold or is not of the kind or quality ordered by him, he shall immediately have the same returned to the consignor or consignors, without cost to the city. If he finds the same is of acceptable quality, he shall report the same to the Market Master, as to the amount received, and the cost of the same. The Market Master of the East Market shall keep in his office a record of all purchases and the prices paid for the same.

SEC. 3. Said Superintendent of Markets shall receive no fees for his services, other than his salary, and all moneys collected by him, above his expenses herein provided for, shall be paid to the City Controller. He shall keep a record of his sales and his expenses of sales and make a report to the City Controller once each week, and, at the same time, he shall pay to said Controller any balance that he may have on hand.

SEC. 4. There shall be created a special fund, to be known as the "East Market Expense Fund." On the first day of May of each year the City Controller shall set apart for said fund out of the general fund the sum of one thousand (\$1,000.00) dollars. On the first day of November of each year he shall set aside the further sum of one thousand (\$1,000.00) dollars for said fund out of the general fund. So much of said special fund as is necessary to be used by said Superintendent of the East Market in carrying out the provisions of this ordinance shall be used by him, and said fund shall not be used for any other purpose: *Provided, however,* That if at the end of any year said fund shall exceed one thousand (\$1,000.00) dollars in amount, the excess shall thereupon revert to the general fund.

SEC. 5. The Board of Public Safety is hereby empowered and directed

Such sign shall be exhibited in a uniform place, to be designated by the Market Master, on each stand, at all times, and any person removing or concealing such sign without authority of the Market Master shall be guilty of a misdemeanor and punished as hereinafter provided. MISCELLANEOUS BUSINESS.

By Mr. Owen:

RESOLUTION NO. 4—1911.

WHEREAS, No provision has been made by statute for indexing the proceedings of the Common Council of the City of Indianapolis, and the same are practically worthless without an index; and,

INTRODUCTION OF GENERAL AND SPECIAL ORDINANCES.

By Board of Public Works:

General Ordinance No. 93—1911: An ordinance confirming and approving the certain contract, made and entered into the 11th day of December, 1911, between the City of Indianapolis and Jesse T. Moorman, for the collection, delivery and disposal of garbage and dead animals, and for the disposal of night soil, and fixing the time when the same shall take effect and remain in full force.

WHEREAS heretofore, to-wit: on the 11th day of December, 1911, the City of Indianapolis by and through its Board of Public Works, entered into the following contract and agreement with Jesse T. Moorman, of the city of Winchester, County of Randolph, and State of Indiana, to-wit:

THIS AGREEMENT made and entered into this the 11th day of December, 1911, by and between the City of Indianapolis, Marion County, Indiana, by and through its Board of Public Works, party of the first part, and Jesse T. Moorman of the City of Winchester, County of Randolph and State of Indiana, party of the second part.

WITNESSETH: That the party of the first part under and by virtue of the powers conferred upon it by the act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved on the 6th day of March, 1905, does hereby

agree to pay to the said Jesse T. Moorman, party of the second part, the sum of forty-eight thousand dollars (\$48,000.00) per year for a term of six (6) years from and after the 26th day of May, 1912, payable in equal quarterly installments of twelve thousand dollars (\$12,000.00) on the first days of January, April, July and October of each year, during said six years, as full payment for the collection, delivery and disposal of all garbage and dead animals accumulating within the corporate limits of the City of Indianapolis, as the same shall be defined and exist at the time of the execution of this contract and the disposal of night soil in all respects as defined in the specifications adopted by the Board of Public Works of the City of Indianapolis on the 15th day of November, 1911, under which the bid of the party of the second part was submitted and accepted, which specifications and general stipulations are hereby made a part of this contract and which reads as follows:

MISCELLANEOUS SPECIFICATIONS NO. 131.

NOTICE TO CONTRACTORS, AND SPECIFICATIONS FOR THE CONTRACT FOR THE COLLECTION, REMOVAL, DELIVERY AND DISPOSAL OF GARBAGE AND DEAD ANIMALS, AND FOR THE DISPOSAL OF NIGHT SOIL IN THE CITY OF INDIANAPOLIS, IND.

GARBAGE.

NOTICE TO CONTRACTORS.

Notice is hereby given by the Board of Public Works of the City of Indianapolis, Indiana, that sealed proposals will be received by it, at its office in the City Hall Building, until the hour of 10 o'clock a. m., on the 6th day of December, 1911, for a contract for the collection, removal, delivery and disposal of garbage and dead animals, and for the disposal of night soil in the City of Indianapolis, Indiana, for a period of one (1) year, and a period of six (6) years, according to the specifications therefor now on file in the office of said Board.

Each bid must be accompanied by a certified check in the sum of twenty thousand (20,000) dollars, made payable to the Board of Public Works of the City of Indianapolis, Indiana, the same to be the property of the City of Indianapolis should the successful bidder fail or refuse to enter into a contract with the City of Indianapolis, according to the true intent and meaning of the specifications aforesaid, said amount to be so paid as liquidated damages to the City of Indianapolis, because of any such failure or refusal.

The Board of Public Works reserves the right to reject any or all bids.

SPECIFICATIONS.

1. The contractor shall collect, remove and dispose of all garbage and dead animals, as defined in these specifications, accumulating within the present corporate limits of the City of Indianapolis, and in any extensions thereof.

2. The word "garbage" wherever used herein shall be taken to mean all organic household waste, offal, animal and vegetable matter, such as has been prepared for or intended to be used as food, or shall have arisen in the preparation of food. The contract shall also be construed to mean that the contractor shall collect, remove and dispose of all garbage from commission houses, wholesale and retail grocery stores, hotels, sanatoria, hospitals, fish stores and stands, restaurants, eating and apartment houses.

3. Garbage shall be collected at all places in the city, except at public markets, from May 1st to November 1st, during each year of the

existence of this contract, at least three times a week; from November 1st to May 1st, during each year of the existence of this contract, at least twice each week: Provided, however, that collections from commission houses, hotels, hospitals, fish stores and stands, restaurants and eating houses, shall be made each day. It is understood that collections of garbage from apartment houses shall be obligatory on the contractor, and the owners shall provide and maintain garbage receptacles on the ground floor of said apartment houses, which receptacles shall be watertight, easy of access to the collector, and easy to empty, the size, plan of construction and location of which receptacles shall be approved by the Board of Public Health and Charities, and which shall be at all times kept free from all offense to sight or smell, and from unsanitary conditions.

4. The exclusive right and privilege of collecting, removing and disposing of all garbage and dead animals in the City of Indianapolis will be given to the successful bidder, under the contract to be entered into between said city and said successful bidder, and said contract will provide that no other person shall carry, convey or transport through the streets, alleys or public places of the city, any such material, without being subjected to the penalties prescribed by the laws of the State and ordinances of the city, or the rules of the health departments of said State and city. And the City agrees, on her part, to prevent, as far as may be lawful, any person other than the contractor, from gathering, hauling, removing or carrying any garbage or dead animals within the city limits.

5. The contractor, in the collection and removal of the garbage under the contract to be made, shall, for said purpose, provide himself with watertight vessels, tanks or boxes, mounted on two or four wheels, which shall, when containing garbage or matter capable of giving off noxious odors, be securely and tightly covered on top in a manner to be approved by the Board of Public Health and Charities, so as to prevent the contents or any odor escaping therefrom, and when unloaded, after the delivery of each load to the desiccating plant, each vessel, wagon or tank shall be thoroughly washed and disinfected to the satisfaction of the Board of Public Health and Charities, and the vehicles drawing such vessel, box or tank shall be at all times so loaded and driven that none of the material shall fall upon the ground, run out or spill therefrom. All vehicles carrying such vessels, tanks or boxes shall have on both sides thereof a sign with the words, "City Contractor Garbage Cart," or "City Contractor Garbage Wagon," painted thereon, together with the number of the vehicles, to be at all times plain and unobscured, in black letters not less than four inches in length, on white background; the number of the wagon to be selected and registered in the office of the Board of Public Health and Charities.

6. The contractor, before beginning collection under this contract, shall divide the city into districts, and shall deliver to the Board of Public Health and Charities a list of the boundaries of each district and the days of the week on which he plans to make collections. The Board of Public Health and Charities may, within thirty (30) days after beginning such collections according to such districts, make such changes, alterations and additions thereto as may, in the judgment of said Board, be necessary to insure the efficiency and thoroughness of such collections. Thereafter, on November 1st and April 1st in each year of this contract, such contractor shall revise such districts and deliver such revised list to the Board of Public Health and Charities, which may, for thirty (30) days, make such changes, alterations or additions to such districts as, in the judgment of said Board, may be necessary to insure the efficiency and thoroughness of such collections. Nothing in this provision shall be construed to mean that the con-

tractor shall not at all times furnish a sufficient equipment to collect and remove all garbage and dead animals as hereinbefore provided. The contractor shall not be permitted to depart from the time fixed for collection, except by obtaining the written consent of the Board of Public Health and Charities, the object being that all collections from houses in each district shall be made on certain days, and as nearly at the same hour of the day as possible.

7. The contractor will furnish each householder, on May 6th and November 6th of each year of this contract, with a printed list of the days on which he will make collections, stating in such list the time of day, as nearly as possible when such collections will be made. The printed list shall be on cardboard not less than eight inches by ten inches in dimensions, and shall contain such extracts of the city's ordinances governing the responsibility of the producer of garbage, the responsibility of the collector for removal, etc., and such recommendations and rules as the Board of Public Health and Charities may desire to place on said card.

8. It will be the duty of every resident householder, tenant, hotel keeper, boarding house keeper, all parties or persons occupying dwellings within the City of Indianapolis, commission houses, wholesale and retail dealers, sanatoria, hospitals, fish stores and stands, restaurants, eating houses and owners of apartment houses within the City of Indianapolis under a proper ordinance or ordinances enacted or to be enacted by the Common Council, to provide or cause to be provided, and at all times to keep or cause to be kept or provided portable vessels, tanks or receptacles for holding garbage; and vessels, tanks or receptacles to be perfectly watertight, and so kept, with a handle or handles on the outside and provided with a tightly fitting cover, which cover shall not be removed except when absolutely necessary, or such other design of vessel, tank or receptacle can be used as shall be approved by the Board of Public Health and Charities. Said vessels, tanks or receptacles shall be kept or placed in the rear of the house, or in the basement areas, or passage ways most accessible to be collected, and never upon the street, alley, sidewalk or other public place, and shall be of a capacity of not less than one bushel nor more than three bushels. All such vessels, tanks or receptacles shall be accessible to the collector when called for, and if removed by him, shall be returned by him to said place or places without unnecessary delay, and no person, except for such purpose authorized, shall in any manner interfere with said vessels, tanks or receptacles or the contents thereof. In case of dispute, the Board of Public Health and Charities shall decide as to the location to be selected for the placing of vessels, tanks or receptacles by the owner or tenant.

9. The contractor for collection will be required to furnish to the Board of Public Health and Charities immediate notice of the failure of any householder to have garbage ready for collection on the day set for such collection.

10. Upon complaint or complaints having been made of a failure on the part of the contractor to properly collect garbage, it will be the duty of the Board of Public Health and Charities to investigate such complaint, or complaints, and if, in its judgment, such failure to collect was the fault of the contractor, it shall report such violation or violations of the contract to the Board of Public Works, who may upon the next succeeding allowance made to the contractor for work done, deduct a sum not less than \$1.00 and not exceeding \$5.00 for each and every violation so reported, and the contractor will be required to relinquish all right, title and interest in and to such deduction.

11. It will be the duty of the Board of Public Health and Charities to investigate all complaints made of failures on the part of the house-

holders, tenants, hotel keepers, boarding house keepers, all parties or persons occupying dwellings within the City of Indianapolis, commission houses, wholesale and retail dealers, sanatoria, hospitals, fish stores and stands, restaurants, eating houses and owner of apartment houses to comply with the provisions of the ordinance requiring the placing of vessels, tanks or receptacles for emptying by the contractor, and to prosecute all offenders under such provisions.

12. The contractor shall provide himself with an office, conveniently located, and furnished with both telephones. A clerk shall be regularly employed to answer all complaints made and to promptly dispose of the same.

13. The Board of Public Works shall be the exclusive judge as to whether the terms and conditions of the contract are being complied with. The Board of Public Works, upon the written complaint of the Board of Public Health and Charities that the terms of the contract are not being complied with, shall call upon the sureties on the bond to carry out the provisions of such contract to the satisfaction of the Board of Public Works, and on their failure so to do, after a written notice by the Board of Public Works of five days, the city, by and through its Board of Public Works, shall have the right to declare the contract null and void, and to relet the work or any part thereof, and such annulment shall not entitle the contractor to any claim for damages on account thereof, nor shall it affect the right of the city to recover damages which may arise from such failure; or, instead, the Board of Public Works shall have the power to provide for the collection and removal of such garbage and household waste as it may deem best for the interest of the city. The cost of such collection and removal shall be paid from any sum to which said contractor would have been entitled had he completed the contract, and when that sum shall be exhausted, then out of any money which may be appropriated for such purposes by the Common Council, until the term for which the contract was originally made shall have expired, and the City of Indianapolis shall be entitled to maintain a suit in any court of competent jurisdiction against said contractor and his sureties to recover the money so appropriated, expended and paid out, and in such suit the amount of the city's recovery shall be such sum as it was compelled to expend in order to procure the collection and removal of garbage which the contractor should have collected and removed under the contract.

14. The contractor shall pay any judgment which may be taken against said city, either alone or jointly with said contractor on account of any injury or damage to persons or property by reason of the carrying out of this contract caused by the fault of the contractor: Provided, that if the city is sued alone for such injury or damages, due notice to the contractor to appear and defend said action shall be given.

15. A proper contract to the approval of the Board of Public Works shall be entered into, and all the terms and conditions of said contract and specifications shall be binding upon the parties, their successors and assigns.

16. The Board of Public Works, subject to the terms and conditions of the contract, shall make and allow quarterly estimates of the amount of work to be done and sum due therefor at the end of each quarter of the fiscal year, and the sum so estimated and allowed shall thereupon be due and payable to the contractor, and said Board shall issue to the contractor a proper voucher therefor.

17. The contractor shall give to the residents of said city and county preference in the employment of all labor necessary in performing the contract, and failing to do so shall forfeit to said city the sum of five dollars for each failure to observe this stipulation.

18. The contractor shall report to the Board of Public Health and Charities, at the end of each month, the amount of garbage collected, making, at the same time, any other suggestions he may desire to make, or giving such other information as may be required by said Board of Public Health and Charities.

19. The contractor shall be required to haul all garbage collected, so far as practicable, through the alleys in the city, not making use of the prominent business or resident streets. In all cases of dispute regarding the using of an alley or street as an avenue for the hauling of garbage, the Board of Public Health and Charities shall decide which route to haul upon. Said Board shall notify the contractor or his agents in writing of its decision, and said Board shall investigate and report to the Board of Public Works each case wherein the contractor or his agent or agents, after the above due notice in writing, repeat the offense, and said Board of Public Works shall impose for each offense a fine of not less than \$1.00 nor more than \$5.00 for the first offense at any one place, nor less than \$5.00 nor more than \$10.00 for any subsequent offense at the same place, which amount shall be withheld from the contractor when settlement is made.

20. Whenever, after the contract for the collection, removal and disposal of garbage shall have been in force and effect, there shall be annexed to the City of Indianapolis any additional territory, the Board of Public Works may order and direct the contractor to begin and continue collections of garbage within such annexed territory, according to the terms and conditions of the specifications hereinbefore provided and the amount of compensation for such additional services shall be determined in proportion to the area annexed to said city and the area of said city at the date of the beginning of such contract for the collection, removal and disposal of garbage.

21. Garbage must be disposed of in a sanitary manner, not prejudicial to the public health. The process must be not only not offensive or noisome in its operation, but must also be effective and sanitary in the destruction or reduction of garbage. The plan of disposal in use must be approved by the Board of Public Health and Charities. The said Board of Public Health and Charities shall report to the Board of Public Works when said contractor is disposing of the garbage in a manner prejudicial to public health or interest, and shall be sole judge of this condition. Said Board of Works may then declare this contract null and void, or assess penalties, or both, in like manner as if the contractor had forfeited or refused to accept the contract, and the bondsman of the contractor may be called upon to fulfill the contract, or the city itself may undertake the work, the cost of which shall be assessed against the contractor, and to be retained from any moneys owing to him by the city, or his bondsman be called upon to pay the same.

22. Each bidder shall submit with his bid his drawings distinctly and clearly showing his method by which it is intended to dispose of the garbage and dead animals; but no bid will be considered that contemplates the dumping of such material either within or without the corporate limits of the city, or of feeding the same to animals.

23. Each bidder must satisfy himself by his own observations and figures, as to the quantity of work to be done, and must bid to collect, remove and dispose of all garbage and dead animals, regardless of the quantity.

24. The contractor shall dispose of all night soil delivered to him at the plant established and maintained for that purpose, during the hours from six o'clock a. m. and six o'clock p. m., during the months of May, June, July, August, September and October, and from seven a. m. and five p. m. during the months of November, December, Jan-

uary, February and March. The Board of Public Health and Charities shall prescribe in what manner said night soil shall be disposed of. And should the contractor fail to dispose of the same in the manner prescribed by said Board, it (said Board) shall have the right to cause said night soil to be so disposed of and charge said contractor with the expense thereof, and the amount of such cost shall be deducted from the amounts due said contractor under his bid.

25. If the contractor so desires it, the City of Indianapolis shall furnish free of rent such portion of the land owned by the City of Indianapolis and known as "Sellers' Farm" as may be necessary for the maintenance and operation of a plant: Provided, however, that the contractor may furnish his own ground nearer to the City of Indianapolis, such location to be approved by the Board of Public Works and the Board of Public Health and Charities of said city.

26. The contractor shall furnish bond in the sum of fifty thousand dollars (\$50,000.00) for the faithful performance of his contract. Such bond shall be executed by a responsible surety company or two freeholder residents of the City of Indianapolis, each of said freeholders to qualify as the owner of real estate in Marion county, Indiana, in the sum of twice the value of the amount of such bond.

27. The contractor shall agree to complete a plant, together with all equipment, vehicles and other equipment contemplated in these specifications by the 26th day of May, 1912.

28. The contract shall be in force and effect for a period of one (1) or six (6) years from May 26, 1912, as may be determined by the Board of Public Works after receipt of proposals, and in said contract it shall be provided and stipulated that at any time not less than three (3) nor more than six (6) months before the expiration of said contract the city shall have the option, under any authority conferred by law, to become the purchaser of all the tangible property constituting the plant and equipment of the contractor for the collection, removal and disposal of garbage and dead animals, and for the disposal of night soil, by the payment to the contractor, or his successors or assigns, the fair market value of such tangible property, and in case the said city, through its proper officers, and the said contractor, his successors or assigns are unable to agree as to the fair market value of said tangible property, the same shall be determined by three (3) citizens of Indiana, who shall be freeholders and voters, one of whom shall be chosen by the Mayor of said city, one by the said contractor, his successors or assigns, and the third by the person who shall then be judge of the Circuit Court of Marion County, Indiana, and the finding of said committee as to such value shall be binding upon both said city and said contractor, his successors or assigns, and such city will, by the terms of said contract, be bound to pay, and the said contractor, his successors or assigns bound to receive, the said amount as the purchase price of said tangible property: Provided, that nothing contained herein nor in said contract shall be so construed as to compel said city to purchase said property unless it, by its officers, elects to have the market value of the same appraised as hereinbefore provided.

GENERAL STIPULATIONS.

(1) The contractor shall not assign or transfer the contract or sublet any of the work embraced in it without the consent of the Board of Public Works.

(2) The contractor shall conform to the directions of the Board of Public Health and Charities as to the time in which the garbage shall be collected, as to the intervals between the collection of the garbage, and the mode of doing the same.

(3) If the machine or machines intended for use are patented, the bidder must exhibit proof of his right to use the machine or machines in the City of Indianapolis, and will further be required to execute a bond of indemnity holding the city harmless from any suits for infringement of patent which may arise under the contract.

(4) Whenever the contractor is not present on the work, orders will be given by the Board of Public Health and Charities, or its duly authorized agents, to the superintendents or overseers who may have immediate charge thereof, and shall by them be received and strictly obeyed. And if any person employed on the work shall refuse or neglect to obey the directions of the Board of Public Health and Charities, or its duly authorized agents, in anything relating to the work, or shall appear to the said Board of Public Health and Charities to be incompetent, disorderly or unfaithful, he shall, upon the order of said Board of Public Health and Charities, be at once discharged and not again employed on any part of the work.

(5) The contractor shall be required to observe all city ordinances in relation to obstructing streets, keeping open passage ways and protecting the same where exposed, maintaining signals, and generally to obey all laws and ordinances; and said contractor shall agree to indemnify and save harmless the City of Indianapolis from all suits and actions of every kind and description brought against the city for or on account of any injury or damages received or sustained by any party or parties, or by or from the contractor, his servants or agents, in the fulfillment of the contract; and it shall be further agreed that so much of the money due to the contractor under and by virtue of the contract as shall be considered necessary by the Board of Public Works may be retained until all suits or claims for damages as aforesaid shall have been settled and evidence to that effect furnished to the satisfaction of said Board of Public Works.

(6) To prevent all disputes and litigation, it shall be further agreed by the parties to said contract that the Board of Public Health and Charities shall in all cases determine the amount or quantity of the work which is to be paid for under the contract, and it shall, with the aid of the Board of Public Works, decide all questions which may arise relative to the execution of the contract on the part of the contractor, and its estimates and decisions shall be final and conclusive.

(7) Nothing in these specifications shall be construed as a waiver or surrender by the city of any of its police powers, or of the right of the Common Council at any time hereafter to pass necessary or reasonable police ordinances, or of the Board of Health and Charities to adopt necessary and reasonable rules or regulations, in the interest of the public health and welfare, in relation to any of the matters contained in these specifications, or in any contract based upon these specifications.

INSTRUCTIONS TO BIDDERS.

(2) Proposals must be signed by the bidders submitting them with their signatures in full. Any one signing a proposal as the agent of another or others, must file with it legal evidence of his authority so to do.

(3) The Board of Public Works reserves the right, prior to award-

ing the contract, to require the names of all persons connected with any bidder, that it may determine the reliability and standing of all such persons, and their ability to conform to the requirements of the proposed contract.

Should the successful bidder not be incorporated at the time the contract is awarded, such bidder may, before such contract is entered into, incorporate under the laws of Indiana for the purpose herein contemplated.

(4) Each bidder or firm of bidders shall accompany his or their bid with an affidavit that such bidder or bidders have not directly or indirectly entered into any combination, collusion, undertaking or agreement with any other bidder or bidders to maintain the price of any work or service bid upon, or to be done or furnished under the proposed contract, or to prevent any other bidder or bidders from bidding, or to induce any bidder or bidders to refrain from bidding on such contract and work, and that such bid is made without regard or reference to any other bid or bids, and without any agreement, understanding or combination, either directly or indirectly, with any other person or persons with reference to such bidding in any way or manner whatever.

(5) All prices must be written in words, as well as figures.

(6) Each bidder must furnish with his bid a certified check on some responsible bank doing business in the City of Indianapolis, made payable to the order of the Board of Public Works, in the amount of twenty thousand (20,000) dollars, which sum shall be forfeited to the City of Indianapolis as liquidated damages in case the bidder submitting the same shall be awarded the contract and shall not execute the same within ten (10) days after the acceptance of the bid, and furnish the bond required within ten (10) days after the approval of the contract by the Common Council of the City of Indianapolis by ordinance and the taking effect of the same.

(7) In case the contract be not awarded to the bidder, or be not approved by ordinance of the Common Council as aforesaid within sixty (60) days after the approval of said contract by the Board of Public Works, or if so awarded and approved and the contract and bond duly executed, said certified check shall be returned to the bidder on demand.

No bid will be considered by the Board of Public Works which is not accompanied by such certified check.

(9) Bids may be submitted, stating a price per year for a one-year period or a price per year for a period of six (6) years, or both.

(10) The Board of Public Works reserves the right to reject any and all bids.
